SIX NEW SCHOOLS NEEDED

SO WHAT

By Gil Wales

In the good old summer time—we'll be singing that before so very long as we wend our way toward the ocean and Thornton Park, if all goes according to the plans of the powers that be.

Seems there's a deal on whereby the seaside spot will become a part of Daly City, we learned from A. J. Bodien, superintendent of Public Works and member of the San Mateo County Planning Committee.

A.J. is a man who looks into the future with ease, and really sees things. He visualizes a garden spot on the banks of the rolling sea—a haven of rest for the tired, a playground for the kids.

The Park would have just about everything it takes for relaxation. There would be picnic grounds for those who wanted to spend the day there in the good old-fashioned way.

Again, one could find barbecue pits, great sprawling benches—the kind that are really restful, places for games, and other attractions found on the resort beaches.

Sound interesting? Has the ingredients of a decidedly favorable attraction, we believe. Furthermore, the Park should prove to be an excellent factor in drawing new residents here.

In any case, here is the procedure. Presently, the spot belongs to San Mateo county. It is being prevailed upon to give it to the State, then the latter will be asked to cede it to Daly City.

There is nothing to be gained by delving into the whys and wherefors of this roundabout method.

(Continued on Page 2)

Daly City Well Water Is Mighty Pure, But Don't Use It In Irons

Except for a wee bit of iron, Daly City water is 99 per cent pure. However, dont use it in any of the new steam irons.

That was the advice of A. J. Bodien, works superintendent, today following several inquiries as to the purity of local water.

"These new irons are so constructed that the least bit of matter in the water will soon ruin them," Bodien said. "Therefore, while our water can be used for just about everything else, I'd advise distilled water for the irons."

It appears that the small particles of iron in the aqua pura over a period of months will corrode the iron and block the small escape valves.

But Bodien had a good word for motorists.

"You can fill your car battery right out of the tap. We've been doing it for years with city vehicles and haven't had any bad effects."

He also noted that the local well water might safely be used for washing and drinking.

"Except where our water has been mixed with something else, I've never known it to corrode a stomach," Bodien concluded.

School Board Makes Purchases For New Building

With the Garden Village school opening this Sunday, the principal business of the regular meeting of the school board Thursday concerned the new building.

Milk delivery for the school was assigned to the Golden State Milk Co. The application of the Marin-Dell Co. will be kept on file.

Messrs. Selmi, Gonsalves and Hensey will meet with the board today, February 2, to discuss the sale of a portion of their back lots to the school district.

A piano and a 16MM Filmosound projector will be purchased for the new Garden Village school.

It also was recommended and passed that an audiometer be purchased for the school.

Turning to other matters, the board instructed James Snell, superintendent of schools, to call for bids on a fence around the Woodrow Wilson grounds, and contact the city concerning a protective bunker at the intersection of Theta and Santa Barbara avenue.

An agreement also was reached whereby Steve Passafiume's garage will be used by the district.

OFFICIALS MAKE PLANS FOR NEW SCHOOL BUILDINGS

Laying the groundwork for six new schools with 86 additional classrooms in the Daly City area are these school and city officials. The group, at a recent meeting of the Jefferson elementary school board of trustees, talked over plans for the needed new schools. Dignitaries, left to right standing, include: James L. Snell, superintendent of schools; Robert Klassen, city engineer; Mayor Paul Green; Andrew Van Der Werff, board president; Mario J. Ciampi, school architect. Seated board members are: Mrs. Helen M. Cheatham and Carter M. Callan.

COUNCIL CAUCUS MEET

Concordia Theatre Problem Discussed; Crocker Plans 3,600 Acre Development

Meeting with officials of the Crocker estate and the Starlight Theatre group, city councilmen Monday night attempted to thrash out the Concordia "problem."

When the conference concluded, nothing definite had been decided as to whether or not the theater chain should help pay for the $110,000 Concordia assessment district.

However, Mayor Paul Green said he would meet with representatives of the Concordia area this Monday night to discuss new "facts" brought to his attention in the conference.

Of more general interest to Daly City residents as a whole were the words of William Worton, Crocker estate representative.

He indicated the Crocker people are now considering development of the 3,600-acre estate to the east of Daly City. In this respect, he brought forth several maps of tentative plans to run streets from Daly City into the Crocker estate.

At the present time, only one road, Crocker avenue, ties the vast Crocker holdings with Daly City.

Worton showed city councilmen plans for a large parkway to connect Daly City and the Crocker estate to the proposed McLaren parkway in southern San Francisco. This would bisect the estate east and west.

Also Worton said the Crocker people had purchased land in the Edgemar tract. He indicated this would be used to tie-in the Crocker estate with the southern end of

(Continued on Page 2)

Mercury Drops To All Time Low Of 29

Jack Frost hit Daly City with full force this week, driving the mercury down to an all-time low of 29 degrees Tuesday night.

According to the San Francisco weather bureau, this is the coldest February 1 on record.

Earlier, a north wind whipped through local streets to redden noses and keep the temperature below the 47 mark Tuesday and Wednesday.

Ponds around the community were coated with a thin layer of ice Wednesday morning, as motorists noticed signs of Jack Frost on slick highways between here and other Peninsula points.

Despite the chilling cold, no accidents were reported in the immediate vicinity of Daly City.

Much of the same was expected for today, but the weather man said that by Friday, February 3, residents could look for higher temperatures and possibly rain.

HOG TRUCKS MAY BE REMOVED FROM BRUNO ST. AREA

Reports from city hall this week indicated that the Consolidated Hog Co. will soon have to remove two trucks from a garage near Bruno, between School and Vale.

Fred Collins, county health inspector, said he had recommended to the city that the trucks be removed as they allegedly constituted a health menace to the community.

Mayor Green was to meet with a Hog company official later this week to talk over the problem, and determine whether or not the company should be forbidden to use the garage. The mayor said that all information he had indicated that such a positive setup was necessary. However, he said he was going to reserve final judgment until he had spoken to the official.

Several months ago the city instructed the Hog company to get out of the garage. At that time they said they would remove the trucks by January 1.

However, come the first of the year they still hadn't moved.

Collins indicated that the firm had put in some rodent control and had put locks on the garage door since the first of the year.

Battye To Run Again; Other Incumbents Mum

Mel Battye tossed the first hat into the Daly City political ring this week with the announcement he will seek re-election to the city council April 11.

Also up for re-election this year are Mayor Paul Green and Councilman Tony Gaggero.

Neither Green nor Gaggero said he was ready to make a statement as to whether or not he will run again for a position on the council.

Elected in 1946, Battye has served alternately as councilman and mayor. While Green was absent in the latter part of 1946 and 1947, Battye took over the mayor's gavel.

A real estate broker and insurance agent, Battye has his offices at 5998 Mission street.

Battye is a long-time resident of Daly City and resides at 141 Acton street. He has one daughter, Mrs. Marilyn Panella, and a granddaughter, Kandyee.

Garden Village School Dedication Ceremonies Sunday

Dignitaries of both Daly City and Broadmoor will go back to school this Sunday, February 5, to take part in the grand opening of the new Garden Village school.

Built at a cost of $115,000, this first unit of the school will virtually take Daly City off of "swing shift" education. Now, students attending Crocker on a half-day schedule will return to the full day.

The present unit consists of one kindergarten, six classrooms and an administration building. It will house pupils from the lower grades. The second unit, to be near the first building, is scheduled for

(Continued on Page 2)

Price Slash By Studebaker Motors Is Shot In The Arm To Sales --- Sweeney

The immediate reaction to Studebaker's startling announcement of a price slash was a flood of dealer orders throughout the west, it was learned from the William J. Sweeney and Sons Daly City Studebaker agency.

The disclosure came from L. E. Minkel, general western sales manager, who declared the public response to the reduction was —nothing short of sensational.

Minkel said: "This is a short month, but I predict it will be the biggest month in sales totals in the history of Studebaker. Especially since our teletype advices from South Bend indicate the buying wave of the west is being duplicated nationally. He added that the impact of these new orders, on a factory already producing at capacity to meet dealer demands, is likely to cause a backlog situation.

Price reductions reflect savings in production costs being passed on to the consumers. The cuts range from $141 on the big Land Cruiser down to $86 on the Champion Regal DeLuxe.

Small Fry Happy About Classroom Shortage -- Hope Parents Do Nothing

By Bill Katz

Everybody in Daly City is worrying about educating the children, except the small fry themselves.

Last week that was brought to our attention by a seven-year-old boy whose face showed a healthy hatred of water. He'd wandered into the office, "just to look around."

Dressed in a T-shirt, and a pair of dirty pants held up by Mickey Mouse suspenders, he appeared to be the picture of the average American boy.

He'd recently purchased a Yo-Yo and was having some difficulty making it "sleep."

"Say, do you suppose something is wrong with this thing?"

We tried it out, and after entangling the Yo-Yo string in the typewriter we concluded that it probably was all right, but both "operators" needed some lessons.

Then it occurred to us that it was only 2:15 p.m., and the brown-

(Continued on Page 2)

Broadmoor 76 Bus Cut To Half-Day Sunday Service

Hoping to get out of the red, the Broadmoor bus No. 76 is now operating on a half-day schedule on Sunday.

As of this week, the bus will run Sundays from 8 a.m. to 3 p.m. only. This will allow church members an opportunity to attend the various churches both in Broadmoor and Colma.

Also, for Sunday only, the route of the bus will be slightly changed, so it will cover more of the area around Colma churches.

The operating cut was necessitated by a 60-day deficit of $539, Tom Jenkins, Broadmoor Property Owners Association attorney said.

After a study of the deficit, it was found that all but $20 of the

(Continued on Page 2)

HAT IN RING

Mel Battye, 141 Acton street, said he would seek re-election April 11 to his seat on the Daly City council. Battye has held that position for the past four years. The other two incumbents, Paul Green and Tony Gaggero, said they were not ready to make a statement at this time.

Local Women To Assist Red Cross Fund Drive

Certain that Daly City will go over the top in the Red Cross fund raising campaign which begins March 1, local officials are now laying plans for the drive.

Joseph Lewkowitz, chairman, headed a group of local citizens who met with the San Mateo county chapter of the American Red Cross last Wednesday to discuss the campaign.

Mrs. Harry Durand, chapter

(Continued on Page 2)

BOND ELECTION SOON

Jefferson Elementary School District Enrollment To Double By October, 1951

Children in the Jefferson elementary school district will be without classrooms unless six new schools are built, or under construction, by October, 1951.

This was the cold, hard fact brought out in a recent report of James Snell, school superintendent, to the board of trustees.

Basis for the report is the estimate that by 1952 the number of children of school age will have doubled in the Daly City area. Presently, there are 2,130 youngsters in local schools. By 1952 there will be 4,861 children of school age.

In order to meet this emergency, the school district is expected to call for a special bond election by May of this year.

At that time residents of the district will be asked to approve funds for construction of the proposed six new structures.

While plans are yet in the formative stage, unofficial reports are that the cost of the work will be well over one million dollars.

If the electors approve the bond issue, and two-thirds of the district's population must do so, the necessary money will be borrowed from the state as provided in the $250,000,000 bond issue approved by voters last year. The local loan must be paid back to the state over a 25-year period.

Present plans, all of which must yet be approved by the state division of schoolhouse planning, call for 86 additional classrooms in schools to be built at:

1. Garden Village — upper.
2. Market street near Mission — upper.
3. Market street near Mission — lower.
4. Westlake primary.
5. Westlake tract.
6. Westlake tract No. 1.

The Jefferson elementary school district is made up of that area included in Daly City, Colma, Broadmoor, Garden Village and Westlake.

The plans call for "neighborhood" schools for kindergarten through to the fifth grade. These schools, where possible, will be located in a district no more than ½ mile from the pupil's residence.

In the sixth to eighth grade, pupils would be transported to upper grade schools in Colma, Garden Village and eventually one more in the south Broadmoor area.

Consequently, a child might live in Daly City and go to school in Garden Village. The whole program of new buildings is based on a system so that taxpayers in every district will benefit, Snell said.

"Only by building new schools can we ever hope to lick the present 'swing shift' type of education in this area," Snell said.

"I, and the board of trustees, are making plans to take care of future needs. It is up to the people to give us the money to go ahead with the program.

"We don't promise that when the buildings are put up, everything will be solved.

"This district needs six new schools, and unless they are built, your children will have no classrooms to attend."

Just how critical the problem is can be seen via estimated population increases for this area. Some 2,799 homes are contemplated for this vicinity by October, 1951.

If the present building plans go through, there will be just enough schools to handle the additional population.

But, then, by 1952 the problem will present itself again, and once more the school district will be forced to call for more and more buildings.

Turning back to the proposed building plan, the school district

(Continued on Page 2)

C. J. Pettigrew, Daly City Pioneer, Passes Away

Funeral services will be held at 2:15 today, February 3, for Clifford J. Pettigrew, 55, owner of the Daly City Garage and pioneer resident of Daly City.

The services will be held at the W. C. Lasswell chapel. Interment will be in the Golden Gate National cemetery at San Bruno.

Pettigrew suffered a stroke at his 47 Hillcrest drive home at 10:30 Tuesday night. He was rushed to the Oak Knoll Navy hospital and died there early Wednesday morning.

The well known Daly City man had returned from the Oak Knoll hospital in Oakland only two months ago. He'd entered the hospital last summer, following a severe stroke.

A native of Chicago, Pettigrew came to the west coast with his parents in the early 1900s. He settled first in Colma where he opened up a blacksmith shop.

Then, in 1915, he moved to Daly City where he opened the Daly City Garage.

Except for the two years he served in the United States army in 1917-18, Pettigrew never went far from Daly City.

During the years he was a mem

(Continued on Page 2)

DALY CITY RED CROSS DRIVE COMMITTEE LEADERS

These are the local residents who will assist the Red Cross in its national fund raising campaign this year. The drive opens March 1, and the goal of Daly City is $2,000. Chairman of the drive is Joseph Lewkowitz, top. "Majors" include Mesdames Floyd S. Harris, Andre Forte, Emma D'Isep, Joseph Lewkowitz, left to right, top row; J. J. Poket Sr., W. F. Dorn, Glen Blackburn, left to right, second row; Eve Hobbs and Lyal Ingersoll.

Another Lesson in Red Ideology

ROVING AROUND THE COUNTY

San Mateo Police Chief Dies Suddenly

Police Chief Robert Emmett O'Brien of San Mateo, one of the most respected law enforcement officers on the Peninsula, died at his home, 340 Seville avenue, early Tuesday morning.

A member of the San Mateo police department since 1930, O'Brien was only 42 years old when struck down by a heart attack. His death was unexpected, as he had been in good health.

As head of the San Mateo force O'Brien was instrumental in solving several northern California celebrated murders.

The chief built a national reputation with his work in rehabilitation of alcoholics and in reducing juvenile delinquency.

Surviving O'Brien are his widow, Claire, and a son and a daughter.

Funeral services were held on Wednesday. Interment was at St. Johns cemetery.

Judge Cotton Steps Out Of Litigation

Following a long wrangle, that he was prejudiced in the case, Superior Judge Aylett R. Cotton this week withdrew from the James McDonald litigation.

McDonald, a Hillsborough millionaire, claimed Judge Cotton was a friend of his former wife, Mrs. Doris Marie Ahearn. Mrs. Ahearn is seeking payments for support of their son, James McDonald IV.

In withdrawing from the case, Judge Cotton said he did not know Mrs. Ahearn, but because he had heard the case three times, he felt it best that another judge handle the matter.

Millbrae Prohibits City Cardrooms

Cardrooms soon will be a thing of the past in Millbrae.

At the city council meeting Monday night, an ordinance was introduced to outlaw the cardrooms and regulate existing poolrooms. All indications are that the ordinance will pass.

Only exception to the law will be those cardrooms operated by a "bonafide non-profit fraternal organization," such as civic, patriotic and veteran groups.

SM County Young GOP Want Members

The call was out this week for all county residents between 18 and 40 years to join the ranks of the San Mateo county Young Republican group.

Robert R. Thompson, Junior GOPster president, is attempting to "revitalize" the group.

Present at the meeting of the organization this week was Mel D. Battye, Daly City councilman.

According to Thompson, the group has set up a committee to study the county political picture. This committee will report on its findings at a meeting of the organization later this month.

Planning Commission Discusses New Streets

Principal business at th's week's meeting of the San Mateo county planning commission was to make plans for additional Burlingame streets.

The commissioners instructed Kenneth S. Fitch, Burlingame city engineer, to investigate plans for new streets into Ray Park and tracts adjoining Skyline boulevard.

At the present time these two areas, including Burlingame Manor and Skyline Manor, are almost completely isolated from the city.

Fitch was asked to investigate possible connecting streets between the areas and Burlingame.

No business of direct concern to Daly City was discussed at the meeting.

Whose Afraid Of 30 Sleeping Dogs?

Not one, but 30 dogs slept soundly last Thursday night, when an unidentifed thief crawled over their kennels to burglarize a Burlingame animal hospital of $120.

The thug crawled over the kennels in the back of the animal hospital at 1041 Broadway to reach a rear door, where a panel of glass was broken to gain entry.

While the thief went about his work, V. R. Streitmatter, hospital attendant, slept soundly in the next room.

Streitmatter failed to report wether or not any of the canines in his care were of the "watch dog" variety.

Harrison Call Won't Run For County DA Job

Harrison W. Call, for eight years San Mateo county assemblyman, tossed his political hat out of the ring this week.

He announced he will be a candidate for district attorney in Tehama county, and not for San Mateo county, as he earlier announced.

The former assemblyman had declared last June he would be a candidate for the post in 1950, after Louis DeMatteis was appointed to the job upon the retirement of veteran District Attorney E. M. Moor.

Lomita Park Annex'tn. Hearing February 23

A public hearing on the proposed annexation of the Lomita Park subdivision to San Bruno will be held February 23.

City Clerk Ralph Woodman reported he had a certified petition, signed by 283 voters, asking for an annexation election.

Should the annexation go through, there would be 2,000 more residents added to the present 16,000 population of San Bruno.

Meanwhile, a group in Lomita Park, known as the Community council, has started a drive to stop the annexation.

The organization this week was distributing handbills in Lomita Park citing opposition reasons to annexation. Chief among these seems to be that taxes allegedly would be increased if Lomita Park residents vote to become a part of San Bruno.

SO WHAT

(Continued from Page 1)

Suffice it to say that the laws require it to avoid a large payment.

Nevertheless, the next move is up to the county supervisors at a meeting on February 16. Then on the State and next to our supervisors, whom we hear are in favor of the transaction.

In case you have forgotten, Thornton Park consists of 26 acres directly west of the end of Alemany boulevard and next to one end of the Westlake development.

As we were leaving, A.J. said that if we get the spot, Daly City will be the only city in San Mateo county with an ocean beach park. That's something to think about. . .

The hottest thing on men's minds these days is Mr. Whiskers' internal revenue department. No matter how intense any subject may be, it isn't long before the gab gets around to income taxes.

Furthermore, when they are paid, you will see smiles agin, in place of the furrowed frowns of today. Yes, form 1040 is the cause of the dour visages.

While making the rounds, we asked a friend who totes up tax reports, about the prolonged, involved agony of some, and the air of relief of others.

They said that's not hard to figure. Those who expect a return check and the ones who owe nothing, have sent their papers in, while the fellows with assessments to pay, probably will delay until the last day — March 15. . .

The second most popular topic we encountered was the beaching of the "Mighty Mo." Guess all the lads were reminded of the recent unpleasant set-to with the Axis.

Anyway, we were apprised that the U.S.S. Missouri bout with the mud is going to cost your Uncle Sam a pretty penny. In truth, millions will be required to repair the damage.

Seems that the plethera of delicate mechanism will need considerable adjustment if not replacement. Also, the big guns must undergo treatment.

As we are a bit touchy about wasting federal funds, we think that much more care should be employed by the navy, especially when one considers that such incidents as befell the Missouri are common.

Both of her sister ships have run aground. Then as if that weren't enough, a report relates that virtually every naval vessel has had a similar experience.

At any rate, there is no crying need now to move our big warships carelessly. When you weigh the cost of accidents, it seems to us that every precaution should be taken.

For instance, the Missouri could have waited for high tide before moving out. Again, she should hold off for good weather, and so should the other costly vessels. . .

It looks as though the Studebaker auto company has stolen a march on the other motor manufacturers by suddenly reducing prices. The clever maneuver has proven a boon to the William J. Sweeney and Sons agency here. It aroused new interest in all models. . .

We popped in to Williams Candy Company to see what we should get for the Mrs., come Valentine's Day. Their clever ad saved us from a very red face as we forgot about linked hearts day, completely. . .

Have you dropped in to the new Shell station on Junipero Serra boulevard and Parkview? One thing, you won't be crowded or pushed around because of lack of space. The yard will accommodate a thousand cars, or so it seemed to us.

Then again, Bill Brennan, the head man, is a mighty obliging fellow. He knows that a sour puss is something that motorists don't want to see, hence he leaves his home. . .

SM County Needs 62 Miles New Roads

Within the next 10 years San Mateo county will need 63.2 miles of new road at a cost of $6,550,340, E. M. Grant, county engineer, said this week.

His estimate does not include state and federal highway requirements.

The needed roads will include numerous small bridge replacements, repaving and continuation of improvements partially complete.

Among the local roads mentioned for improvement was the Chinese Cemetery road.

Crocker PTA To Hold Life Membership Whist

A benefit whist will be held by the Crocker PTA at the home of Mrs. Martha Wegner, 399 Crocker avenue, Friday, February 3, at 8:30 p.m.

Mrs. Ann Eason is to be chairman for the event, assisted by Mrs. Eve Hobbs and Mrs. Ann Ingersoll.

All whist palyers are invited to attend.

COUNCIL

(Continued from Page 1)

Daly City, via several new streets.

Mayor Green, in reporting Worton's statement, stressed that all of these plans were only tentative. He said he did not know when the Crocker people would actually begin development of the vast acreage to the east of Daly City.

Worton also indicated that as this land was developed it would be annexed to Daly City. Presumably the development would be for the construction of new homes.

New developments in the theater question were:

1. Since the county planning commission granted the theater chain permission to build the drive-in theater, and as Guttenburg is a dedicated street, nothing can prevent the organization from using Guttenburg as a combination exit and entrance.

However, the city still has jurisdiction over Lowell street, and it allegedly can, if so desired, block the use of this street for an exit.

But as the theater officials expressed a desire to use both Lowell and Guttenburg, they wish to reach an agreement with interested parties.

2. The Crocker officials indicated as soon as the theater was completed, the property on which it is located will be annexed to Daly City. (Presently this is outside the city. The land was leased to the Starlight Theatre group by the Crocker interests.)

3. The theater officials asked for city water and sewer rights.

Mayor Paul Green explained these have never been given outside of the city limits. He said until he had discussed the situation with the residents in the Concordia district, he could not give the theater officials any definite answer.

4. Theater representatives Dave Bolton, Ned Tophan, Jim Howell, Rex Steveson and Bill Hamm all were of the opinion that the drive-in theater will in no way bother people in the Concordia area.

The men asserted that the Starlight Theatre chain has two drive-in establishments at South San Francisco and Belmont, respectively. Both are near residential district, and to date no complaint of undue noise at night has been made, Stevenson asserted.

In closing the meeting, Mayor Green said he would report to the Concordia representatives Monday night.

Mayor Green said no mention had been made at the meeting of whether or not the Starlight chain should help pay for the $110,000 asssessment district.

Red Cross

(Continued from Page 1)

fund chairman, presided at the meeting.

Mrs. Barney Bristow spoke on "The Red Cross — Its Meaning and United States Government Charter Obligations."

Following the talk, Mrs. Floyd S. Harris, 239 Peoria street, was appointed local residential chairman.

Appointed as "Major" to assist Mrs. Harris in the various districts of Daly City were Mesdames Andre Forte, Emma D'Isep, Joseph Lewkowitz, J. J. Poket Sr., W. F. Dorn, Glen Blackburn, Eve Hobbs and Lyal Ingersoll.

Chairman Lewkowitz and the entire committee is urging every citizen to cooperate and do his part in seeing that this year's campaign is the success that it should be.

Goal of the drive this year is only $2,000.

"We as American citizens should be ashamed if we fail to go over the top," Lewkowitz said. "If everyone will remember the Red Cross slogan, "Give Where You Live," this year's drive will be a success."

Lewkowitz asserted that of every dollar contributed 20 cents goes to the National Headquarters, and 74 cents remains with the local chapter.

This money is used here for the benefit of San Mateo county citizens only.

Last year Daly City failed to reach its quota.

"Let's never let that happen again," Lewkowitz said. "If every resident in Daly City will give but $1, we can hold our heads high with pride."

When the local volunteer calls, be sure and do your bit. You never know when disaster may strike, or when you may need the help of the Red Cross for your own family.

SCHOOLS

(Continued from Page 1)

must also acquire six sites before any building can be started.

These sites are located at: two sites of 10 and 7 acres respectively at the new Westlake tract; two acres at Westlake No. 1; additional acreage at Colma; Garden Village, upper; possible new upper grade school site and possible bus shed and shops site.

In addition to the schools, the district also may call for: bus garage and shops; central administration; central cafeteria, central warehouse facilities.

C. J. Pettigrew

(Continued from Page 1)

ber of many fraternal organizations. However, at the time of his death he belonged only to the American Legion, Daly City Post No. 410, and the Veteran Firemen's Association.

Pettigrew is survived by his widow, Mrs. Margaret Pettigrew; 1 son, Allen; a brother, Henry, and a grandchild, Carol.

Allen Pettigrew is now operating the Daly City Garage.

In a last salute to their beloved comrade, the Daly City American Legion post held funeral services for Pettigrew Thursday night, February 2.

Garden Village

(Continued from page 1)

construction in the near future.

Lighted bi-laterally, with the major portion of light from the north, rooms are treated acoustically and are heated by means of copper tubing imbedded in the concrete floor.

This excellent example of modern functional design is the "brainchild" of Architect Mario Ciampi.

While dedication services are to be held Sunday, the school will not open for another week or so, James Snell, superintendent of schools, said.

Everyone interested is invited to attend the ceremonies, which will begin at 2 p.m.

Following is the complete program:

Invocation, Rev. John A. Glasse, pastor, Broadmoor Community church; raising of the flag, Broadmoor American Legion Post 824, Broadmoor V.F.W. Post 9921; Star Spangled Banner, assemblage accompanied by the elementary school orchestra, Mrs. Memory Gomez, vocal director, Mrs. M. Vint, instrumental director; presentation of platform officials and honored guests — board of trustees, architect, mayor of Daly City — James L. Snell, superintendent of schools.

Presentation of school to Broadmoor and Garden Village, Mr. Snell; acceptance of school, George W. Irvine, president Garden Village Owners' Association, Claude Hanrahan, Broadmoor Property Owners' Association; America, elementary school orchestra, Mrs. Muriel Vint, director; benediction, Rev. Fr. Anthony Morrissey.

Following the program everyone is cordially invited to inspect the classrooms.

Individuals and groups taking part in the ceremonies include: board of school trustees, Andrew C. Van der Werff, president, Michael C. Callan, clerk, Mrs. Helen M. Cheatham, member; school architect, Mario Ciampi, AIA; master of ceremonies, James L. Snell, superintendent of schools; pastor Broadmoor Presbyterian church, Rev. Glasse; pastor Holy Angels church, Rev. Fr. Anthony Morrissey.

Broadmoor American Legion Post 824, Raymond J. Flanagan, commander; Broadmoor Veterans of Foreign Wars Post 9921, Jack Kelleher, commander; vocal music, Mrs. Memory Gomez, director; instrumental music, Muriel Vint, director, Jefferson School District orchestra; mayor of Daly City, Paul Green; representing Garden Village owners, George W. Irvine, president; representing Broadmoor Village owners, Claude Hanrahan.

Want Action? Put A Story in Your Daly City Record

Last week we ran a story in the "Record" headed: Wanted: One Sea Scout Master.

We printed the story for the Lions Club, who were seeking a Sea Scoutmaster for their Sea scout Ship No. 144.

This week officials report they have received many applications for the job.

We can help YOU, too. News concerning your group, your friends, your clubs, are printed in this paper FREE of charge. Merely call JUniper 7-4321, or mail or bring in the item to the "Record" office at 3317 San Jose avenue.

SMALL FRY

(Continued from Page 1)

eyed boy should be in school. We asked him why he wasn't behind a desk.

"Say, you don't know much, do you?" answered he incredulously.

We concluded he was probably right.

"I go to Woodrow Wilson in the morning," he finally admitted.

When we inquired if he'd like to go to school all day long, he gave us a distainful look.

"No, I hate school. I like being out of school, and that's true."

Evidently disturbed by the turn the conversation had taken, he drifted over to another corner of the office, idly examined a table lamp, blew his nose, and sat down on a chair to finger the Yo-Yo.

Trying to be sociable, we asked him his name.

"Jackie. I know my last name, but I can't spell it. We haven't got that far in school."

He then pronounced his surname. We didn't have anything over him. We couldn't spell it either.

Sensing our inferiority, we felt mean, and told him in no uncertain terms he'd soon be back in school on a full-time basis.

"Yea," he said.

He didn't believe us. Again, he tried to make the Yo-Yo "sleep." Again, he failed.

As he rewound the string around the wooden toy, we asked him what, if anything, he liked in school.

"Coloring and writing. But writing I like best."

We asked him if he could color and write, would he like going to school in the afternoon as well as the morning.

A tolerant, knowing smile cut through the grease spot on his cheek. He pocketed the Yo-Yo, and as he ambled toward the door he turned.

"I hate school, and that's true. Mornings are enough, and that's true," he said.

Feeling that after all we knew best, we turned to write a story on the need of six more schools in Daly City. Reason told us the story was necessary, but a boy with a Yo-Yo had haken most of the feeling out of the yarn.

Cattori Named To SM County Rent Board

Claudio Cattori, 75 - year - old Daly City real estate broker and former manager of the Colma branch of Bank of America, was appointed this week to the San Mateo rent advisory board.

He will fill the vacancy that came with the death of Henry Nadelweiss, former chairman, last October.

A resident of 7316 Mission street, Cattori was employed by the Colma bank for 20 years. He retired in 1940 to enter real estate. He is a widower and has a married daughter in Daly City.

Outside of serving on the OPA rationing board in South San Francisco, Cattori has had no experience on a public board.

Cattori will represent the landlords on the rent advisory board, which now is made up of five members.

Broadmoor Bus

(Continued from Page 1)

loss could be traced to running the bus all day Sunday, Jenkins said.

Following the study, Jenkins met with officials of the San Francisco Municipal Railway and it was decided to try the new operating Sunday schedule for 30 or 60 days.

The shuttle bus service started two months ago, and is to run for 90 days. After that time, if the bus shows an operating loss, it may be removed entirely from service.

AROUND THE VILLAGES

with Verna Duste

Well, it finally happened — yep, we got fouled up at last!! Remember us telling you last week about Mr. O. P. Wright, who is visiting from Centralia, Illinois? ? Well, we **really** mixed this one up! Seems Mr. Wright is Mrs. **Banks'** brother, not Mrs. Smith's, as we erroneously reported. Anyhow, as well as Mrs. Banks and Mrs. Smith, Mr. Wright is visiting Mrs. Marks and Miss Wright of Buri-Buri. Hear you're having one swell time for yourself, Mr. W. Have things changed a bit since you were here in 1906? ?

No—we didn't forget the "Pink-and-Blue Dept." — so here 'tis: Maddux Drive's proud entry for this week is Nancy Lee Brown, who makes the Norman Browns pretty proud as of January 18th. Weighed 7 lbs. 4½ oz.

Over a little ways, the Stanley Rays on Larchmont (name recently changed to "Stork Row") greeted Donna Joan, to the tune of 5 lbs. 8 oz.

The Jack Pridmores on Thornhill are displaying their Nancy—Nancy Ann, to be exact, who arrived January 27th, and weighed 7 lbs. 10 oz.

Among the happy birthday parties for the week was Colleen Brugge's, the talk of the season. Natch, Mama Jeanne's refreshments were the hit of the whole affair. Eight years old, our pal Colleen is entering high school next year (joke!).

Jimmy Meyer over on Sweetwood threw a "birthday explosion" (quoting his Dad) on January 29th, to celebrate his eight years, with the following guests present—Jimmy Panelli, Dennis Golobic, Dennis Downey, David Drotar, Frankie Williams, Jerry Markel, Donnie Kohler, Dickie Howell, and Junior Hostesses Joan Mayer, Helen Markel, Nancy Golobic seeing that everyone had a swell time. Of course, Hopalong Cassidy made the evening complete — and movies, too! Guess we're getting old—caught ourselves thinking 'tother day of mad games of Pin the Tail on the Donkey.

Up and around (for quite some time now — we're just slow!) is Sandy Richardson, after a siege of chicken-pox. Hi, Mary Helen!

Canasta, Canasta — or, "Who Has the Joker? ?" This month's session of the VFW Auxiliary-sponsored game will be held at the Colonial with (and get this!!) A FASHION SHOW!! Now, how 'bout that? ? It means we have to all wear shoes, of course!!

Speaking of Canasta, the VFW Auxiliary is sponsoring free lessons, to all the ladies of Broadmoor and Garden Village — just call one of these numbers for information, Mary Atteberry, JU 4-2248, Gladys Holt, JU 4-4531 or Maryon Patey, JU 4-4018.

The Rev. Glasse tells us that still another service has been added by the Broadmoor Presbyterian Church — the first Sunday night of each month will be "movie night" leading off this Sunday with "Magnificent Obsession," starring Robert Taylor and Irene Dunne. The picture is a cut version, running 45 minutes. The show starts promptly at 7:30. Naturally, all are welcome.

Keep your eye on this column for news of a Basket Supper to be held at the Church. A family affair, it will be held from 6:30 to 8, so that the children may come. More details later.

The American Legion Auxiliary will observe Valentine's Day early, Tuesday, with a social meeting and party at the Broadmoor Community Center.

Have you registered to vote yet? WHY NOT? ? Just pick up the phone and call Mrs. Marovich, JU 5-0844, and make your appointment. Selah!

DEMONTRATING THE ABILITIES HE IS LEARNING AT THE SAN FRANCISCO REHABILITATION CENTER, William Rowland, 2180 Valparaiso avenue, Menlo Park, shows how he can get on and off public transportation. Mr. Rowland, an infantile paralysis victim who has been treated at both Childrens Hospital and U. C., is now commuting daily from his home to the Rehabilitation Center. He drives a specially equipped car, and hopes soon to be able to return to the work for which he was trained at Stanford. Mr. Rowland, as well as his three sons, urge that all support 1950 March of Dimes.

CASH FOR YOUR HOME

Regardless of condition or age of your home, we'll pay spot cash for it now! If you've considered selling, you'd better act now, while values are at their peak.

Colma PTA Marks Founders' Day February 7

By Mrs. D. J. Stookey

Founders' Day will be celebrated by the Colma PTA this Tuesday, February 7, at 7:15 p.m. in the Colma Community center, Dunk near Washington street.

Mrs. Stella Jensen, chairman, and Mrs. Eileen Blanco, co-chairman of the Founders' Day committee, have arranged to present a pageant, "PTA Cornerstones."

Those taking part in the pageant are Mesdames Fred Serna, Joseph Leonetti, Jack Clayton, Gino Landi, Jerry Hopper, Dale J. Stookey, and Edward Dennis.

A musical program, arranged by Mrs. Memory Gomez, will follow the pageant.

In addition, Mrs. Allan F. Mori and committee are planning special refreshments for the event.

An invitation is extended to everyone to come and celebrate Founders' Day with the Colma PTA.

Meanwhile, Mrs. Allan F. Mori was hostess to the Sewing and Sunshine group of the Colma PTA Tuesday afternoon, January 24.

Mrs. Herbert Kern discussed with the group her plans for the food and linen sale that will be held Friday and Saturday, February 3 and 4, in King's Market on Junipero Serra boulevard, Lucca's Market, and Anchor Drug store on Mission street in Colma.

Delicious refreshments were served after the meeting. Members present were Mesdames Allan F. Mori, Nathan Temkin, F. Gregori, L. Stanghellini, William Clark, Thomas L. Blanco, Herbert Kern, Jerry Hopper, William Chessman, Edward Dennis, John Dennis Jr., M. Pauline Brown, and Dale J. Stookey.

The hot-dog sale held at the Thornton school Wednesday, January 25, was enjoyed by the children. Many thanks to those who participated in helping to make it a success: Mrs. Hazel Colwell, principal of Thornton school; Mrs. Herbert Kern, room representative chairman of Colma PTA; Mrs. S. Hess, room representative of Thornton school.

The Colma PTA sponsored a food sale at Thornton school Februray 1. The sale was held in the home economics room from 10 a.m. to 4 p.m.

Community Center Specifications Ready By April

Specifications for the new $295,000 War Memorial community building should be completed by April, Mayor Green reported today.

He said the council hopes to have the plans, being drawn up by Architect Mario Ciampi, so work may start on the structure soon after April.

Tentative estimates are that the building will be from six to eight months under construction. However, until bids are let on the job, no time of completion can be set.

Meanwhile, plans were going ahead for grading of three of the five planned new parks. At a meeting between Mayor Green, Vernon Dean, landscape architect, and Elman Rose, recreation director, the following action was taken:

1. Grading work is to begin soon on Marchbanks park, lower and upper levels; "Edgewood" park, East Vista, and Garwood; Lincoln park, Acton, and Brunswick.

2. By March it is hoped that the contract can be let on the work for improving these three parks, as well as two others in the southern section of Daly City and in the Crocker tract.

3. At the February 14 council meeting funds will be appropriated for the purchase of necessary land for the parks.

Meanwhile, action was proceeding on another park at Thornton beach. This, not covered by the $101,000 bond issue, is reported in another story in this week's Record.

Moran To Head Edgewood Group

Vincent Moran today is the new president of the Edgewood Terrace Civic Association.

The Daly City man was elected to this post at the last regular meeting of the group, January 31.

Other new officers were also chosen. They include: McGeein, vice-president; Del Wilson, treasurer; Mrs. Bach, secretary.

Following the election of officers, another vote was taken for the board of directors. Those on the board for 1950 include Raymond Ward, Arthur Nottingham, Russo, Hinds, Mrs. Carl Berg.

There also was a discussion of plans to pave Vista Grande between Hillside and Mission streets. The committee on this reported that A. J. Bodien, works superintendent, had been "most cooperative," and everything was going according to schedule.

COLMA --- BROADMOOR GARDEN VILLAGE

Broadmoor Erosion Front Takes Turn For The Best

Things were looking considerably better on the Broadmoor erosion front this week, but there still were some questions.

Henry Stoneson, builder of the Village, had cleaned the streets of most of the silt and in some cases had taken steps to repair damages at various private homes.

In a statement to Louis Manis, Broadmoor Property Owners Association official, Stoneson declared:

"We will stabilize the slopes, but we do not believe it is our duty to do any extensive trench work—Manis asserted Stoneson said.

Elaborating, the builder told Manis that he would plant rye grass along the hills behind Broadmoor and would reinforce bulkheads and put in new bulkheads where needed.

And proving he was not just talking, Stoneson had a 12 man crew busy working in the area all during the week.

Still, Manis reports that a number of residents are not satisfied.

"We believe the only way to lick the problem is to put in cement trenches along the hills and plant ice plants—Manis said.

Manis asserted that Stoneson said it was not his obligation to do such extensive work.

The Broadmoor official said that planting rye grass was not the answer.

"Rye grass is only a fire hazard. Its roots don't go deep enough to check silt that moves several inches below the surface—Manis declared.

Meanwhile Manis reports that he has received approximately 75 letters from people in the area who suffered damages during the recent rain. He said these letters would be turned over to M. A. Grant, county engineer.

When, and if, a compromise is reached between the owners and Stoneson it will probably be at the next meeting of the Property Owners Association. They meet February 9.

Speaking in his role of County Engineer, Grant told the Record today that the county will cooperate all it can in correcting the Broadmoor situation.

Grant said he was continuing to investigate the situation and in turn reporting his findings to Stoneson. He asserted Stoneson has been very cooperative.

PG&E Pole Snapped In One Of Three Thursday Wrecks

Two runaway cars and a collision last Thursday marked an end to a relatively quiet month for automobile accidents in Daly City.

No one was injured in the three wrecks.

Worst wreck occurred when a parked car got away on Westlake, sideswiped another parked vehicle and snapped a PG&E post before coming to a halt.

Lester Cohn, 33, 21st street, San Francisco, parked his car on Westlake at a few minutes after 7 p.m. At 7:22 p.m. the car got away, sideswiped a car belonging to John T. Brady, 130 Westlake, and hit the pole mid-way in the block. Damage to both cars was "major" police report.

Another runaway car owned by Dorothy A. Prinz, 29, 774 Edinburg street, San Francisco, ran into the rear end of a machine owned by Kenneth Bassler, 39, 2130 Market street. Bassler's car was parked in front of 28 Knowles at the time of the accident, 10:50 a.m.

The front end of the Prinz vehicle will need repairs as will the rear end of Bassler's car.

The San Francisco woman was cited for failure to cramp the wheels of her car against the curb when parking.

Third accident of the day was a minor collision at 9:15 p.m. on Mission north of Bismark. A car driven by Bettie M. Donohue, 23, 3776 Army street, San Francisco, collided with the back end of a car driven by Thomas J. Muller, 20, 831 London street, San Francisco.

The young man's vehicle escaped damages, but the San Francisco woman will need extensive repairs on the front of her car, police reports indicate.

Sunday School Mothers To Meet

Meeting this Friday, February 3, at 8:30 p.m. will be the Mothers of Lutheran Church of Broadmoor Sunday school.

The meeting is to be held at the home of Mrs. Johnson, 740 87th street.

Projects of interest to both the church and community at large will be discussed. Also, plans are to be made for further organization of the group.

All mothers of the Lutheran Church of Broadmoor, and other interested women, are invited to attend this February meeting.

Tots' Playground Plans Killed

There won't be any children's playground at MacArthur and Midway in Broadmoor.

Plans for the tots' playground were called off when some of the residents around the area objected to the proposal, a Broadmoor Property Owners Association official revealed.

However, to meet the need for such an area, the Association is now investigating the possibility of putting in swings and other apparatus around the Broadmoor Community center.

Also, some plan will be tried with the new Garden Village school so that pre-school children may avail themselves of the recreation facilities near the school.

This Page Is For YOU; Help Us To Print News Of Interest

Problems of erosion, water rates, buses, card parties . . . these are but a few of the items each week in the "Record" concerning the greater Daly City area.

This paper is endeavoring to reach, and to serve, all the people in Broadmoor, Garden Village, Westlake and Colma.

But to do a really fine job in this capacity we need your help. We want to print news of interest to you, and the only way we can do this, is to receive news from you.

Any item, whether it concerns an earthquake or an afternoon tea, is welcome. Either mail it, or bring it to the "Daly City Record," 3317 San Jose avenue. Or better still, call Bill at JUniper 7-4321. He will be glad to write up your news.

Broadmoor Church To Honor Scouts

Paying tribute to Boy Scout work in the Broadmoor area, Sunday's sermon at the Broadmoor Community Presbyterian church will concern scouting.

The Rev. John Glasse will deliver the sermon at 11:15 a. m. on the topic FIRST CENTURY BOY SCOUT DOES A GOOD TURN.

All scouts and their parents are invited to attend the Sunday service to be held in the church, 87th street off Junipero Serra blvd.

Meanwhile, that same evening, a special program will be held for adults in the area.

The film MAGNIFICENT OBSESSION, based on the novel by Lloyd Douglas, will be shown at the church beginning at 7:30 p.m.

All members of the greater Broadmoor community are invited to see this film, which will be shown free of cost.

Lake Merced VFW Auxiliary To Hold Canasta Party And Fashion Show

Combining fashion and canasta, a dessert canasta party will be held Friday, February 10, by the Lake Merced Post No. 9921, VFW, Auxiliary.

The gala event is scheduled to begin at noon in the Colonial Inn, Junipero Serra and Pierce.

All members of the Auxiliary and their guests are cordially invited to attend.

Following the luncheon, the House Jane Andre will present a fashion show of the latest in my lady's clothing. Designer of the clothing is the famous Bay area fashion expert, Rose Spenser.

Meanwhile, the Auxiliary is planning to give free canasta lessons to anyone in the Broadmoor area. Those interested in learning from the experts are asked to call any of the following Mesdames: Gladys Holt, JUniper 4-4531; Mary Attebery, JUniper 7-2248; Marion Tatey, JUniper 4-4018.

Time and place of the free lessons will be announced in a later issue of the "Record."

Although still some two weeks away, ladies of the Auxiliary are now making plans for a pot-luck dinner, February 14.

The dinner will be open to the public, and held in the Broadmoor Community center.

Further information may be obtained by calling Mesdames Carol Hocking, JUniper 7-4454 or Stella Magoon, DElaware 3-9185.

While plans for the dinner occupied most of the time at the last meeting of the group, January 24, the ladies also initiated four new members. They include Mesdames Mary Attebery, Hilda Stettler, Viola Murphy and Anita Woods.

$680,000 Post Office Slated For San Mateo

While Daly City still is looking for its new post office, San Mateo this week was assured of a $680,000 new federal building project.

The announcement was made by Senator Sheridan Downey, who said San Mateo was one of five California cities chosen for a new post office.

No date has been set for construction work, as much must yet be done by local officials in locating a site.

The San Mateo chamber of commerce will meet Friday night to consider what action that body should take in expediting the project.

$265,000 Permit Issued Doelger

A building permit for 31 new homes, valued at $265,601, was granted Henry Doelger this week.

The homes will be part of the gigantic Westlake tract project, where eventually 5,000 new houses will be constructed.

Another permit for $25,000 went to A. J. Herzig, San Francisco, for construction of a building at 2147 Junipero Serra boulevard.

Herzig indicated he would put up several separate units, and rent them out as space for various types of stores.

Other permits last week were issued to: R. Plath, remodel front of building at 28 Hillcrest drive, $200; Joseph Dolan for a $10,000 home at Citrus and Miriam.

A low cost car to buy

$479.00* DOWN

That's all it takes to put this Ford "Six" in your garage. And the new 100 horsepower Ford V-8, too, can be yours for hundreds less than you'd pay for "sixes" of most other makes. And it's the Fashion Car . . . now more beautiful than ever.

*The delivered price of this 6-cylinder Deluxe Business Coupe includes oil bath air cleaner and oil filter. Local and state taxes and license extra.

A low cost car to own

You'll find that this Ford in your future has a future built in that brings you real savings. Its 13-way stronger "Lifeguard" Body . . . its new dust and water seals . . . the dozens of other Ford advances . . . all add years to your Ford's life. And that means you'll be spending less for service. And Ford's advanced 95 h.p. SIX means gas and oil savings.

And quality to match America's finest

You'll feel you're riding in a car that costs thousands more. You'll feel the cushioned comfort of Ford's new non-sag, foam rubber front seats . . . You'll feel King-Size Brakes, 35% easier acting. You'll hear how the '50 Ford's new "sound conditioned" interior deadens road noises. You'll say Ford's the one fine car in the low-price field.

"TEST DRIVE" THE '50 FORD AT YOUR FORD DEALER'S
It will open your eyes!

NEWS OF YOUR NEIGHBORS

Mr. and Mrs. Ralph Patterson, 1118 Brunswick street, know a new ordinance has gone in effect banning B.B. guns for minors in Daly City. However, they wish the kids around the neighborhood were as well informed. Last Thursday they reported to police that some "sloppy" shooter had put three B.B. shots in their kitchen. That, in itself isn't so bad, but the shots came through the back kitchen window.

Larry Johnson, 12, 96 Mission circle, has a dubious claim to fame today. He is the only member of the younger set who suffered an injury in Daly City over the week end. According to Junipero Serra hospital authorities, Larry was brought to the hospital at 11:24 a.m. Sunday, suffering a cut chin. He was treated for the cut and sent home. No, Larry wasn't in a fight. Seems, his legs got tangled up while he was running, and he fell and cut his chin on the sidewalk.

James G. Benson, MMC, U. S. Navy, will be seen in Daly City often during the next few months. Benson is the new recruiting chief at the Navy recruiting station in San Mateo. The quick moving, bemustached gentleman is now a resident of San Francisco. He was formerly with the recruiting service in Oakland and Santa Rosa. In the near future he will give an hour or two a week to talking to prospective recruits in Daly City. Oh yes, Chief Pete Folger, who formerly made the Daly City round, is still in San Mateo. Any rumors that he went east to help the Navy refloat the "Big Mo" are strictly "scuttle-but."

Mrs. Evelyn Cahn, secretary to the mayor of Daly City, will be marking another year down the trail of life Friday, February 3. At that time she will be one year younger. The mother of a 10-year-old daughter is planning a delayed birthday party. Next week end she plans to fly to Los Angeles for a three-day vacation. At that time she promises that both her relatives there, and the fog-bound city will know that one week before she had a birthday.

Donatto Frascone, Daly City, today is a citizen of this country. Frascone was one of six San Mateo county residents who were admitted to American citizenship by Superior Judge Murray Draper in ceremonies at Redwood City Monday. Draper delivered a short patriotic speech to the new citizens. This was followed by refreshments served by the Women's Relief corps of Redwood City.

New Arrivals In Daly City and Vicinity

To the wife of Frederick L. Lu'den, 448 Miriam street, January 23, a daughter.

To the wife of Frank W. Carney, 7 Partridge lane, January 22, a son.

To the wife of Annemarie E. Kick, 740 Larchmont drive, Broadmoor, January 21, a daughter.

To the wife of Lawrence J. Nannini, Rt. 1, Box 195, Colma, January 22, a son.

To the wife of Ian Minto Stoddart, 535 MacArthur drive, January 21, a son.

To the wife of Louis A. Fliegler, 40 Peoria street, January 23, a daughter.

To the wife of Raymond L. Taylor, 458 Citrus avenue, January 26, a daughter.

Ticklers By George

"This here paper calls us Americans a bunch of dollar chasers."

District No. 14, YLI Holds Meeting

Representing Emydian Institute No. 154 at the annual dinner of the Young Ladies Institute January 25 were Mary Belli, president, and Lorraine Jones, deputy.

The dinner meeting was held in San Mateo, and representatives from various San Mateo county YLI groups were present.

Guest speaker of the evening was Mrs. William Goggin, who talked about the Christopher Movement.

In addition to the five institute deputies and institute presidents present, Ruth Donohuoe, chairman of grand directors, represented the Grand Institute.

The next district event is the Day of Recollection to be held at Notre Dame, Belmont, on Passion Sunday. Plans are being prepared by Angela Institute.

Grace Church Holds Youth Week

This week, January 29 to February 5, has been designated "Youth Week' at the Grace Church of the Nazarene with all programs and activities planned with emphasis on youth.

Friday evening, February 3, a youth banquet will be given in the church recreation hall. It will start at 7 p.m. A special speaker will give a short talk that will be of interest to young people.

At the Sunday evening service, February 5, a colored sound film entitled "God's Point Lobos" will be shown at 7:30 p.m. It will be presented by Elmo Huffman, vice-president of the Prophetic Film company of Los Angeles, and is his latest picture.

The picture, in the form of a travelogue with organ music background and narrations taken from Psalms and Isiah, is noted for its unusual beauty and educational value.

The public is invited to atttend.

OLPH Mothers' Club Whist Games Tuesday

Whist will be the order of the day at 1:30 p.m. Tuesday in the Our Lady of Perpetual Help school auditorium.

At that time the OLPH Mothers Club will hold their monthly whist party. The public is invited to attend.

Chairman for the event will be Mrs. Jo Lamendal. She will be assisted by Mrs. Janet Steele.

Mothers of the fourth grade children will act as hostesses.

Happy Birthdays!

February seems to be a poor month for birthdays, with only four persons in the Daly City area marking another year this week.

Harry, the "happy baker" wishes them well, and hopes they will drop into his fine bakery to try one of his finer birthday cakes.

February 3: Mary Bernardini, Rt. 1, Box 136, Colma.

February 7: Marian Rocchetta, Box 113, Colma; Mrs. Marie Rusert, Rt. 1, Box 11, Colma; Richard Landi, Box 387, Colma.

SOCIETY

BEAUTEOUS NEW BETHEL NO. 26 I.O.J.D. OFFICERS

Following a recent election, Bethel No. 26, IOJD, has a new set of officers. The young damsels presided at a recent initiation of the organization. They are, left to right: Joan Skinner, senior princess; Marian Smith, junior princess; Lucille Forsyth, honored queen.

"Record" Reminiscence

From the "Record" 10 Years Ago
January 31, 1940

Fritz Erickson has been promoted to the post of manager of the Daly City branch of the Bank of America. He will succeed Carl E. Newman, who becomes manager of the bank's Castro - Market branch.

Roy Wilson, 301 Crocker avenue, today became manager of the Daly City Creamery.

Nilo Simonini, Jefferson grammar school student, was awarded the highest scholastic award in the entire Jefferson school district this week. Other scholastic honors went to David Hansen, John Mosman and Louise Baciocco.

Gold cups will be awarded the final winner of the jitterbug contest at Lovchen Gardens February 3. Among the competitors will be a Colma couple, Miss Lena Bertini and Frank Torres.

Chosen from all the courts in the Bay area, Court St. Mary's No. 1155, Catholic Daughters of America, has been accorded the honor of putting on their initiatory work in San Francisco.

From the "Record" 20 Years Ago
January 31, 1930

The city engineer and the city attorney last Monday were instructed to proceed with the plans and proceedings necessary to erect a new water reservoir on the Crocker estate.

Sequoia High school's unlimited basketball team won a decisive victory from Jefferson on Wednesday, chalking up a 35-15 drubbing on the Redwood City court.

Lucile and Lavern McGouirk, twin daughters of Mr. and Mrs. W. F. McGouirk, Brunswick street, celebrated their third birthday last Thursday.

Mrs. Orvilla Pauw, of Hanover street, and her son Roel participated in the singing of the difficult Oratorio by Handel, "Juda Maccabaeus" in San Francisco Friday.

New president of the El Carmelo Parlor No. 181, NDGW, today is Florence Hopman. She will be assisted by the following officers: Frieda Schade, Laura Figoni, Collista Dalton, Christine Hulme, Josephine Poe, Hattie Kelly, Evelyn Mohr and Anne Biggio.

Mrs. Florence Bryant, Oracle of the Royal Neighbors, entertained the members at her home last Thursday evening. Those who enjoyed the evening were Mesdames Chase, Scott, Gheringer, White, Smith, Rampe, Nelson, Twesten, Coffin, Jordan Putney, Berguson, Wilson, Jergensen, Hazel Wilson and Marn Nelson.

Daly City Garden Club Meets Feb. 7

Valentines of a different sort will be given members of the Daly City Garden club when they attend a meeting Tuesday, February 7.

Each of the members will bring a valentine made up of items from his or her garden. These in turn will be exchanged between those in attendance.

Anything goes, so all members are urged to bring valentines made of anything from mud to roses.

The meeting will be in the home of D. R. Hiett, 5 Muirwood drive. Activities begin at 8 p.m.

In the Mountain and Pacific States, 60 to 70 per cent of the crop production comes from irrigated land.

One half the population of California lives in the southern one-fourth of the State.

"REELLY" A QUEEN—Fishing from the Northshore Yacht Club dock in Miami, Fla., is Josephine Bonilla, the Fishing Queen for 1950. She is to reign during the Metropolitan Miami Fishing Tournament. Josephine never has to fish for compliments.

Folk Dancing Is Coming Feb. 11th

An opportunity to dance and give to the March of Dimes will be offered Saturday, February 11, by the Calico Clickers, Daly City's folk dancing club.

Plans are now being made for the folk dance, which will be held in Castle Hall, 7339 Mission.

Further information, as to where tickets may be purchased, will be in next week's "Record."

Meanwhile, it was the pleasure of the Clickers to entertain the Girl Scouts of Troop No. 3 last Thursday night.

The scouts appeared at the hall to do a number of folk dances so as to qualify for merit badges.

Mrs. Saarinen, as troop leader, was in charge of the young ladies. She was assisted by Mesdames Taylor and Ditz.

St. Bruno Parish Plans Whist Game

Plans are being completed for a whist party, sponsored by St. Bruno's parish, to be held Friday evening, February 10, in the auditorium of the new St. Bruno's school, Crystal Springs and Oak avenues, at 8 o'clock.

The committee is headed by Mrs. Ernest Shaw as chairman. She is assisted by Mesdames Chester Guzek, Thomas Thorpe, John Ranney, Daniel Kelleher, Marion Dombrowiak, Thomas Judge, Ellis Yaley, Ray Garban, Barney Neihuser, G. Cabral and J. White.

DC Legion Post To Discuss Scouting

Honoring the Boy Scouts of America officials of the Daly City American Legion Post No. 410 will meet members of the local Boy Scout council Saturday, February 4.

The men will discuss further methods of improving scouting in the Daly City area.

The meeting will be held at 474 San Diego avenue, beginning at 2:30 p. m.

Local legion members are well acquainted with the activities of the scouts, as their post now sponsors Boy Scout Troop No. 106.

The San Francisco Advertising Club, organized in 1903, is the oldest ad club in the world.

Woodrow Wilson PTA To Celebrate Founders' Day

By Mrs. E. Goldkuhl

The Woodrow Wilson PTA is making preparations to celebrate the birthday of the National Congress of Parents and Teachers on February 17 and to rededicate themselves to the promotion of the ideals of the PTA.

The National Congress of Parents and Teachers was founded in Washington, D. C., on February 17, 1897. It met with instantaneous success and within a few years representatives of foreign countries were joining in the movement to better the relations of parents and teachers and to solve the problems confronting the youth of the world.

Founders' Day was established in 1910 and is observed all over the world in commemoration of the women who met to form the first group and to review the ideals of the PTA.

The Woodrow Wilson PTA unit is planning to celebrate the occasion by the presentation of two Life Memberships. These memberships are presented to people, not necessarily members of the PTA, who have performed some outstanding service to the youth of the city.

The names of the persons selected for this honor are not made public until the night of the presentation, which is scheduled for 21.

Student aid is one of the aspects of the Woodrow Wilson PTA which is little known to people, due to the nature of its work. However, thanks to Mrs. Lillian Thomey, chairman of the student aid committee, it performs a real neighborhood job.

Mrs. Thomey has been interested in the PTA and the welfare of Daly City for many years. Often the school nurse will run across a child badly in need of shoes, glasses, or even a pair of pants and for some reason the case does not fall within the scope serviced by the county or other welfare organizations.

These cases are fully investigated by the committee and quietly taken care of. The only mention of the action which has taken place is the submission of the bill to the PTA, which promptly pays it. For the sake of the family and the child, names of the recipients are not publicly announced or recorded but the good has been done.

It is these small acts which help to make the PTA a worthy organization.

Serra Mothers' Auxiliary Meets

Members of the Serra High school Mothers' Auxiliary met recently at the school cafeteria to enjoy the annual pot-luck luncheon.

A charming shrine was set up at the officers table, the gift of Mrs. Joseph Garibaldi, 1 Cliffside drive, Westlake.

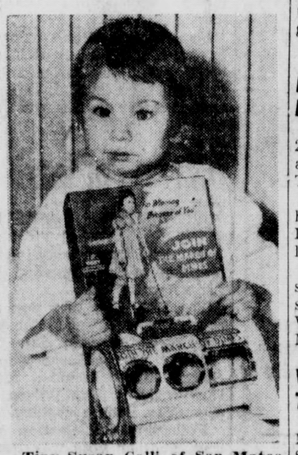
Featured speaker was Miss June Gridley, public health nurse with the San Mateo county department of public health.

During the business meeting that followed, Mrs. Herman Kruse, president, announced the appointment of Mrs. Stanley Stebenne of Burlingame as women's chairman for the Serra Carnival on May 20.

Aerie Cancels Plans For March 11 Party

Cancelled today were plans for a Colma Vista Grande Aerie No. 1848 Auxiliary "Breakfast in Hollywood party March 11.

An auxiliary official informed the "Record" that "certain circumstances" necessitated cancelling plans for the event.



Tiny Susan Galli of San Mateo holds a 1950 March of Dimes container as a reminder to county residents to support the current Dimes drive. Susan is one of the many local children whose recovery from polio is aided by the funds raised as a result of the annual Dimes campaign. The 1950 Dimes drive effort has been extended for two weeks.

YOUR DALY CITY GARDEN NEWS

By ELSIE M. GARRISON

(This is the first of a regular series of articles on gardens and gardening in the Daly City area. Written by Elsie M. Garrison, garden authority, these articles are made possible by the Daly City Garden Club. This is just another of the many new items of interest published each week in YOUR "Daly City Record.")

Although many well - known nurseries are located in this area, and attest to the versatility of the soil and climate, there are many who do not realize the potentiality of their property, nor the sense of real gratification one experiences from a few hours work in the soil.

Then again, there are literally hundreds of spare-time gardeners who are not familiar with techniques used by professionals, and who suffer periodical disappointment at the loss of time, effort and result. In Daly City one does not have to go far to discover veritable "show places," where gardeners have perservered and been rewarded, but the benefit of their knowledge, sometimes years in attainment, is limited, probably, to a neighbor.

The organizing of the Daly City Garden Club answers a need to coordinate the efforts of the amateur gardener, make available professional secrets and formulae to the uninitiated, create an awareness of civic beauty, and at the same time set up a platform of friendly exchange — social, mental and material.

CLUB MEETS

The first meeting of the Daly City Garden Club was held at the home of Mrs. G. Reginelli, 64 Cottonwood drive. Guest of honor and acting in an advisory capacity was Mrs. Gordon Henningsen, director of district four of the California Garden Clubs, Inc. A charming conversationalist, Mrs. Henningsen informally explained the function of the C.G.C. Inc. and answered all questions pertaining thereto, besides assisting with procedure.

All members present were enthusiastic about the large scope of activity and opportunities afforded by the parent group, as well as the official magazine, "Golden Gardens," in which many articles of particular interest were written by San Francisco, Peninsula and East Bay authors. It was the unanimous decision of the group to affiliate with the federation, and thereby bring its members the latest information and authority on gardening, in its various aspects.

NEW OFFICERS

Officers elected were: President, Mrs. D. M. Bunkley; vice president, Mrs. D. R. Hiett; secretary, Mrs. C. Hansen; treasurer, S. W. Mollette. Appointed as publicity chairman was Mrs. H. Hooker.

For the present, at least, the meetings will be held at the various homes of volunteering members, but in the near future the Club expects to find a suitable central location, to accommodate the ever-increasing roster.

Membership is open to any resident who is interested in gardening. Mrs. Bunkley, president, extends a special invitation to novices and beginners, as well as to those who can contribute authentically. Interesting speakers have been present at all meetings to date, and have been well received. In the future the speakers will be announced. Also a committee has been proposed for the exchange of "slips."

Anyone interested in attending may telephone Mrs. C. Hansen at DElaware 3-2660.

It might be pointed out that nowhere in the state of California are more numerous communities being developed than right here in the Daly City area. A far cry from mere housing, these are homes with yards, yes, each with its own personality, which can be enhanced and glorified with the intelligent planting, handling and care of plants and shrubs.

WESTLAKE GARDENS

Have you seen Westlake on the tip of Lake Merced? Beautiful new dwellings with the Merced Country Club as a backdrop. Or have you visited the architectural paradise called Garden Village? Or driven through adjacent Broadmoor Village, with its wide contoured streets and charming new homes? Have you looked from Edgewood Terrace to the Pacific, and watched the sunset paint the homes with a rosy glow and transform the western sky? Or perhaps enjoyed the view of the skyline, with the Farallones looming in the distance, from a spanking new window in new Hillside Manor?

Then visualize, if you can, the part gardening is going to take in the future of this area. . . This then, is Daly City and its suburbs! What a wealth of vantage ground! No factories, mills, or tanks blight our horizon. No stacks diffuse their unpleasant gaseous vapors upon our citizens. . . No incinerators blacken the sparkling lines of clothes we hang. . . We have fresh air, basic scenic beauty, sun, wind, and calm — as untainted as it was a hundred years ago — and we have fog, too. But it is clean fog and not smog — and even fog has its advantages and can prove a virtue to the gardener.

Our proximity to the main arteries of downtown and residential San Francisco, as well as to the Peninsula, makes Daly City truly a "Gateway." Let's all make the most of this golden opportunity and make it a veritable "Garden Spot" or a "Garden Gateway."

LET'S ALL HELP

We can't do it all at once — but if every indvidual who wants this to become a reality, will pool his knowledge, work to the best advantage on his own garden, and avail himself of the help forthcoming from the organized group or society, it will not be long before the whole community will "catch on," and the result will far transcend the effort. While to the best of my knowledge, this is the first garden club to be organized in Daly City, we hope it will not be the last, and that interest and civic pride will support several active clubs that will work in cooperation with each other.

Through our affiliation with the Garden Clubs of California, we are often invited to the social affairs of garden clubs throughout the Bay Region, and in attending some of these affairs have become acquainted with some of the hobbies which are an offshoot of gardening itself. The program for the coming year promises to be an eventful one, and it is suggested that you contact the secretary.

Meantime, we will welcome suggestions, and be happy to hear from folks who want to make the most of their gardens.

Whist Game Tonight At Masonic Hall

Whist fans, attention.

The Court St. Mary's, Catholic Daughters of America, will hold a whist game tonight, February 2, at the Daly City Masonic hall, 17 Hillcrest drive.

Time for the game is 8:30 p.m. This allows plenty of time to clean up the night's dishes and get down to the game for a wonderful evening of entertainment.

Mrs. Kathryn Core is chairman for the evening. She announced that many valuable gifts will be given th best whist players.

Everyone is welcome to attend.

Brownie Troop No. 21 Enjoys Hearty Meal

Members of Brownie Troop No. 21 enjoyed a stew and salad dinner at their regular meeting last Thursday.

The meeting was held in the home of Mrs. Shirley Hess, 518 Hillside boulevard. Mrs. Hess is leader of the troop.

The food was prepared and served by the girls. They were assisted by Mrs. Hess, Mrs. Geraldine Vickers, Mrs. Marge La Fary and Mrs. Ann Leavett.

Women Of The Moose To Meet This Monday

Women of the Moose, Chapter No. 739, will hold their regular Sewing unit meeting February 6.

The meeting will begin at noon in the Moose Hall, 3053 16th street, San Francisco.

Also, the regular business meeting will be held at that same evening in the hall at 8 p.m.

Meanwhile, the committee chairmen will hold their regular monthly meeting at the home of Ruth Myers at 8 p.m. February 8.

$10,000 Fire Hits SSF High School

Three rooms gutted and $10,000 damages was the toll of an early Thursday morning fire that swept through the Industrial Arts building of the South San Francisco High school.

Quick action on the part of the South City fire department saved the other rooms in the building from serious damage. Only 20 minutes after the alarm was turned in at 5:52 a. m. firemen had the blaze under control.

James Cherry, high school principal, believes the blaze started when a hot plate was left on in one of the cupboards of the mechanical drawing room.

When the smoke had cleared away, firemen listed the mechanical drawing room, the blueprint room and the art room as total losses. Smoke also caused minor damages to the home economics room.

However, the gym, which is also located in the building was not damaged.

Scouts Produce A Short Play

By Colleen McCann

Everyone in Intermediate Troop No. 1 got a part in the recent play put on by members.

The production was a "Place for Patsy."

The leader of the troop then put names of all the girls in a hat. Each girl drew a slip of paper, and on the paper was the part she was to take in the play.

We were all satisfied with the final results, and the play seemed to be well acted.

Between acting, the members are now making coffee mats for their mothers.

B.B. Shots Hit Seven Business Windows In D. C.

Firing indiscriminately with his B.B. gun, an unidentified vandal shot holes in seven separate business concern windows over the week end.

Total damage inflicted by the B.B. shot was estimated at close to $100.

For the most part, the shooting was confined to School street. Between 164 and 212 School, the vandal broke glass in five different business houses.

Concerns damaged include: Gerrans Paint store, 164 School; C. White, 168 School; Martins Grocery store, 172 School ; R. Opperman, 180 School, and Silver Moon, 212 School.

The front windows of all these business houses were punctured with from one to two B.B. shots.

Harry's Market, 6524 Mission, also reports that a B.B. shot was fired through the market's front plate glass window.

W. J. Sweeney told officers that someone shot a hole through the front door window of his concern and the plate glass window in the old show room at 6806 Mission.

At the last city council meeting an ordinance was passed outlawing minors to either buy or carry B.B. guns in Daly City.

CITY OFFICIALS ENDORSE SCOUT COOKIE DRIVE

Get in line with Mayor Paul Green (the gentleman who is about to sample a cookie) and buy Girl Scout Cookies during the month of February. All money from the drive will be used to further scout camp activities. Contact your neighborhood Girl Scout or Brownie to get your box of cookies. Also in line for one of the delicious cookies is Chief W. W. Sunderland, Allen Hertel, water department official, and Elmer Kennedy, fire chief. Handing the mayor a cookie is Sonya Thorne, intermediate Girl Scout. The small girl to the right is Mary Ann Gensel, Brownie, and the other young lady is Corkey Carle, senior Girl Scout. (Photo by Staggs, San Bruno)

There Was More Smoke Than Fire In Colma

There was more smoke than actual fire behind the Olivet cemetery at 6:30 p. m. Wednesday when a rubbish dump broke into flames.

Called by an excited housewife the Colma fire department rushed to the scene to find a few cardboard boxes and papers burning with a vengeance.

However, the damage was nil, and in a few minutes the firemen had put out the fire.

Jobs Now Open With Daly City Smoke Chasers

Applications for firemen for the Daly City Fire department are now being taken in the City Clerk's office, Chief Elmer Kennedy said today.

Men wishing to file an application for the department must be between the ages of 21 and 35 and a resident of Daly City for one year.

No previous fire fighting experience is necessary.

Upon appointment to the department, men are required to attend meetings, drills and, of course, fight fires.

Compensation for the work is based on the number of drills and fires attended, Chief Kennedy said. Men are paid every three months, and it is possible to earn $100 for the three-month period, Chief Kennedy noted.

Each applicant is given a test (time to be announced later), and upon successful completion of the examination is placed on the employment list. Position on the list is determined by the passing grade and in what district the applicant resides.

As new firemen are needed they are taken from the list, and whenever possible assigned to stations closest to their homes.

"Fire service work is educational, interesting, remunerative and offers comradeship of the finest type," Chief Kennedy said.

Closing date for filing applications is February 25 at noon.

YOO-HOO, DADDY, WILL YOU GIVE US A PUSH? SANDY'S ALL TUCKERED OUT!
ALL RIGHT, BUT I'M IN A HURRY!
NO WONDER THESE KIDS RUN OUT OF GAS—THEY BUY IT BY THE OUNCE...

Antioch Gave Real Challenge To Christianity

IT was at Antioch that the disciples of Jesus were first called Christians.

It is necessary to say Antioch in Syria, for this city, about 300 miles north of Jerusalem, was one of 16 Antiochs in the ancient world, and these 16 were among 37 cities, built by Selucus Nikator, a conqueror who lived 300 years before Christ, and who named these cities after himself or his relatives. The Antiochs were named after his father.

Of the 16 Antiochs—Antioch in Pisidia is another mentioned in the New Testament (Acts 13:14)—this Antioch in Syria was much the greatest and finest. It was situated on the River Orontes navigable from its seaport, 14 miles away. The city in its splendor was called the "Queen of the East," and its seaport at Selucus was strongly fortified. like an ancient Gibraltar.

It was fitting that the first church of disciples to be called Christians should arise in such a city. Christianity had a challenge to offer to that pagan culture. But more fitting was a deeper challenge to the vileness and foulness beneath that culture, in a city that in its licentiousness and wickedness exceeded all other cities of its time.

That little band of Christians must have seemed insignificant in such a vast city, with the immensity of its culture, and the immensity of its sin. Yet here the Christian name began, a name soon to be heard throughout that ancient world, and to become a name of power in worlds then unknown, including new continents.

Nor was it only the beginning of a great name. Here, also, in Antioch was the beginning of the Christian missionary enterprise that started Christianity on its western way, fulfilling the commission to preach the gospel to the ends of the earth. It was a great beginning, and the end is still far off, as Jesus still leads on.

"THE BROWNIE'S BIRTHDAY PARTY"

By Sue Kidwell Adams

A little, lonely Brownie, was weeping bitter tears;
He had never had a party, in all his hundred years!
He did not have a mother, as Brownies' don't you know.
Just one day there is a Brownie, (A Fairy told me so.)
A Butterfly came swooping down, she stopped and waved her wings.
"What is the trouble little one? The welkin fairly rings?"
So, the Brownie told his story, why he was so sad.
Never once, had he a party, even when a lad.
It made the Butterfly feel sad, and she wept big, tears of butter!
"What a sad thing to happen," she was heard to mutter.
She flew away to find the queen, who ruled all Fairy-Land.
And to talk to all the Cricket-Folk, about their hot, swing band.
With Grass-Hoppers' for the big, bass viols, and Bull-Frogs' for the drums,
The Bumble-Bees' for violins, and Mosquitoes' just to hum.
Fire-Flies' to light their lanterns should the moon go out.
"Oh! it would be the grandest party!" The Cricket-Folk did shout.
The Fairies' served the supper, and what a feast to sup!
Dew-drops, for their sparkling wine; served in berry cups.
Rose petals for the napkins, (The Ants' baked the Birthday cake.)
Every one had the nicest time, and the hour grew very late.
The little Brownie was so happy, that he danced his shoes away.
And he wished it was his Birthday, every single day!
He thanked all the Fairies, and the orchestra so grand,
Then wed the golden Butterfly! and they lived in Fairy-Land.

Persian Cat Looking For Home

Has anyone in the Daly City area lost a beautiful yellow female persian cat?

If they have, please call Mrs. Garry, 482 Wellington avenue, at JUniper 7-5390.

Mrs. Garry reports she found the cat Tuesday, but to date no one has claimed the animal.

NOTICE INVITING SEALED PROPOSALS

IMPROVEMENT PROJECT NO. 1949-1

CONCORDIA LAND COMPANY AND ADJACENT TERRITORY

Pursuant to the Municipal Improvement Act of 1913, as amended and the Resolution of Intention under Improvement Project 1949-1 adopted thereunder on January 9, 1950, by the City Council of Daly City, California, and a resolution directing this Notice adopted on January 23, 1950, said Council hereby invites sealed proposals for the improvement of streets in Concordia Land Company and Adjacent Territory in said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said City Council on January 9, 1950, and on file in the office of the City Clerk of said City pursuant to said Resolution of Intention, which resolution is on file in the office of said City Clerk, and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the contractor on itemized estimates duly certified and approved by the Engineer of Work and said City Council, based on labor and materials incorporated into said work during the preceding month by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimates, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said Engineer of Work and said City Council.

Notice is hereby given that on January 9, 1950, this City Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements in and for said City, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for full details thereof.

All proposals shall be accompanied by a certified check payable to the order of the City Clerk of said City, amounting to ten per cent (10%) of the proposal, or by a bond in said amount and payable to said City, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to 50% of the amount of said proposal, under the provisions of the Labor and Materialmen's Act of 1919.

Copies of plans and specifications and proposal sheets may be obtained from the office of Edwin H. Smith, Engineer of Work, Bay and Chestnut Streets, Redwood City, California. A deposit of $10.00 per set of plans and specifications is required as a guarantee that they will be returned to him in good condition not later than forty-eight (48) hours after proposals have been publicly opened.

Said sealed proposals shall be delivered to the City Clerk of said City of Daly City on or before eight o'clock P. M. of the 14th day of February, 1950, said time being at least ten (10) days from the time of the first publication of this notice. Proposals will be publicly opened, examined and declared on said day and hour.

Dated: January 23, 1950.

Vikings Take Indians In Overtime; Jeff Meets Burlingame Friday

By Milton Tromborg

Taking advantage of a three-minute overtime period, the Palo Alto Vikings handed the Jeff Indians their second PAL defeat last Friday by the close score of 34 to 29.

At the end of regular game time, the score was tied up, 29 to 29.

The Vikings put their heads together and came back on the floor to score two field goals and a free throw in a close man-to-man defense.

After racking up five points, the Vikings put the ball into a freeze. Two minutes later Jeff got the ball and the game ended.

It can be said that the Indians controlled everything but "Old Man Fate," himself. Center Jack Allain and guard Les Nicolini took over on rebounds while Nicolini took high scoring honors with 1[illegible] points.

The Indians made the one mistake of not working any plays. Most of the boys seemed cold and could not hit the hoop.

Palo Alto stopped the Indians from working the ball into center Jack Allain. Almost every time that the ball was thrown into Allain, it was intercepted by Palo Alto. Maybe you could say that this was the turning point of the game.

Coach Mike Orlich of Jefferson made one statement after the game, and I quote:

"Our boys played a wonderful game and proved to me that the Indians will go far in the future. We need more experience and when we get this, Jeff will roll to victory."

Here is how the scoring went in the game. Jeff opened a little cold on defense and let Palo Alto rack up two field goals to take the lead of 4 to 0. After five minutes of playing, the score was all tied up 5 to 5.

With both teams putting up a tough defense, Jeff took the lead at the end of the first quarter, 8 to 5.

The second quarter showed that both teams could hit the hoop, but Palo Alto held a 1-point lead at half time, 13 to 12.

Still hustling for the ball the Indians came right back and tied the ball game up, 19 to 19. Thirty seconds before the end of the third quarter, the Vikings racked up a field goal to hold the lead, 21 to 19.

Both teams hit the basket in the next five minutes and the score stood Jeff 27 and Palo Alto 29.

With just 30 seconds left in the game, two free throws by Bob Varni of the Indians tied the ball game up.

Jeff was a little weak, for both Mark Lowrey and Les Nicolini fouled out. Palo Alto came out in a stiff man-to-man defense and this proved quite the thing to stop the Indians. The Indians could not penetrate this defense and this stopped them from scoring.

When Palo Alto got the ball, they used a fast break and scored two field goals and a free throw to cinch the game and their first win in the PAL this year.

Coach Orlich will dig deep to find a good combination to put up against the Burlingame Panthers tonight. Jeff will play at Burlingame tonight and game time will be 7:30 for the 30s and 8:30 for the varsity.

JEFF 30s DUMPED BY PALO ALTO: 36-20

Coach Joe McGrath of Jefferson took another defeat and this time by Palo Alto. Palo Alto proved right from the start that they were the masters.

The Jeff 30s don't seem to get together and play but if they don't do something soon, they will go through the 1950 season without winning a game.

30s LOSE PRACTICE GAME TO JEFF 20s—64-35

Last Saturday morning, after the licking the Vikings gave them, the Jeff 30s took another defeat, this time by the Jeff 20s.

The 20s have not played for about two months, but this did not seem to stop them.

Frank Harij was high scorer for the 20s with 18 points.

The 20s completely outplayed the 30s on both offense and defense.

SPORTS

Liquors Champs; Consolidated, Colma Next

By Milton Tromborg

With two games still to be played, Union Liquors cinched first place in the Jefferson Night Basketball League by going through the league undefeated.

Union Liquors won eight games and lost none.

Consolidated Schools still has to play the V. V. Merchants, but there is not much opposition in the Merchants, and Consolidated will end up in second place.

The Colma Boys Club had a few tough breaks and were beaten twice, once by Consolidated Schools and once by Union Liquors.

LIQUORS EDGE NEVILLE MOTORS 49-47

Union Liquors, playing their last game in the league Tuesday night, were almost beaten by Neville Motors, 49 to 47.

Neville Motors is in between in the league, but, after the game, everybody wondered why they did not do better in all their other games.

Murray and Dunn paced Union Liquors with 15 and 14 points while Silacci, George De Salvatore and Lou De Salvatore paced Neville Motors with 10, 11, and 13 points.

COLMA TROUNCES TROMBORG PLUMBERS 41 TO 20

In the second game Tuesday night, January 31, the Colma Boys Club rose to victory by trouncing the Plumbers 41 to 20.

The Plumbers put up a good fight for about five minutes, but then Colma took over and went all the way to score at will.

One thing is sure, and that is the Colma lads are not the same old fired-up team that they formerly were. Colma should have made more points but they blew shot after shot.

We hope to see the Colma lads get back on the ball and play like they did in past years.

CONSOLIDATED TAKES VETERAN'S INN 47-43

Consolidated ran their winning streak to six wins and one loss by edging out Veteran's Inn Thursday night, January 26.

It was a tough game all the way, but Consolidated played a better offensive game. Jack Dederman, who is leading the league in scoring, was only able to rack up eight points.

Rial, of Veteran's Inn, scored 13 points to lead his team in scoring.

MERCHANTS EDGE PLUMBERS 27-25

In the second game Thursday night, the V. V. Merchants scored a win over Tromborg Plumbers by the tight score of 27 to 25.

The Plumbers led all the way to the last minutes of the game when they blew the game by missing a number of set-up shots.

High point man for the Plumbers was Hailer with 10. Gonzales racked up nine points for the Merchants to take high honors for his team.

The two games to be played are Consolidated Schools vs. V. V. Merchants and Daly City Boys Club vs. Veteran's Inn. These games will be played Thursday night, February 2.

In the next edition of the "Record" a list of all scoring men in the league will be printed, and also a list of all records of all the teams.

St. Mary's Alumni To Honor Erdelatz

The St. Mary's College Alumni Association will honor Eddie Erdelatz with a testimonial banquet on February 21, 7 p.m., at the Sir Francis Drake Hotel in San Francisco.

Erdelatz was appointed head football coach at the United States Naval Academy at Annapolis recently.

Co-chairmen of the banquet for the alumni are George R. Canrinus, '34, and James P. Lang, '30.

A Game For The Boys Coming Next Sunday

"Give the game back to the boys" has been the Monday morning quarterback war chant for years, and now we have a football game where the boys have it!

Sunday, February 12, when the Eddie LeBaron All-Stars play the Bob Celeri All-Stars in a "grudge" battle in Lodi's Grape Bowl, there will be no coaches to direct the game.

Celeri and LeBaron will be field generals in every respect, calling plays, making substitutions and running the teams without help from spotters, coaches, or waterboys.

The two-platoon system has given the spectator the well-founded suspicion that nearly every play, and certainly every crucial play, is called from the bench.

So this contest will be a true test of the signal-calling ability of the two great quarterbacks.

Every player on the two teams has been well versed in fundamentals during high school and college ball. Each has run through the plays and learned his part in the offensive and defensive strategy of great coaches. Now, for the first time in a major game, they are on their own.

It will be LeBaron versus Celeri. Bear technique against College of Pacific training. It will be worth seeing.

Tickets are on sale and mail applications being taken at the Lodi Chamber of Commerce, Crane Box Office in San Francisco, Sherman-Clay in Oakland and Cliff Thebaut's Sports Shop in Berkeley.

Jeff Teams Lead In Junior League Basketball Series

By Erle Johnson

Cheering wildly, some 200 spectators last Wednesday night saw the lads from Jefferson and Crocker rack up wins in the Junior Basketball league.

Jefferson took the lead in the "A" division of the league, when their team downed OLPH 18 to 9.

Gerrity was high point man with eight points, followed closely by Geersten with seven. Maynard scored three points to complete the scoring.

Laramie was the high man for the losers with five points followed by Rasa and Dreyfus, who each scored two points.

In the second game of the evening, Crocker nosed out a fighting five from Woodrow Wilson 18-15 after trailing 1-6 at the end of the first half. The small "Toe Head" Plunkett came in to play in the second half and sparked his team by scoring four quick lay-in for eight points. Butler and Maudy each scored three points, followed by Galindo and Lewkowitz with two points each.

Thur was high man for Woodrow Wilson with seven points, Irons collected five and Abraham got three points to complete the losers' scoring.

Woodrow Wilson was handicapped by the absence of their coach, Jack Fischer, who was kept at home by the illness of his small son.

Saturday morning down at Castle Hall, Jefferson's "Mighty Mites" following in the steps of their larger schoolmates were leading the B league by defeating OLPH 18-6. Figone was high man with six points, followed by Lagomarsino with four, and two points for Roche, Creighton, Frost, and Bortoli.

Walgora and Gonzales did the only scoring for Perpetual Help, with five points and one point, respectively.

Crocker defeated Woodrow Wilson 25-8 easily with the deadly shooting of Costello, who scored 12 points. Kalinin and Dixen each made four points with Lucia and Benaviden scoring two points each.

The lague standings are as follows:

"A" LEAGUE

School	Won	Lost
Jefferson	2	0
OLPH	1	1
Crocker	1	1
Woodrow W.	0	2

"B" LEAGUE

School	Won	Lost
Jefferson	2	0
Crocker	1	1
Woodrow W.	1	1
OLPH	0	2

The next games will be played at Jefferson high school Friday night, February 3. The "B" games start at 7:15 p.m. and the "A" games start at 8:15.

Brennan's Service Station Prepared For All Repairs

With the opening of his new Shell Oil Service station on Junipero Serra blvd. and Parkview, Bill Brennan announced that with his equipment, the very latest, he is ready to render complete service on all types of automobiles.

Bill disclosed that he is prepared to do expert ignition, brake and fine adjustment work. He explained that his new battery charger puts life into depleted cells with ease, while his brake and adjustment setup insure satisfactory results.

Besides, he carries a full line of accessories of all types, including tires and tubes and the output of Shell, which supplies all types of polishes and cleaners, gadgets and oils.

Brennan's background has well equipped him for any and all types of mechanical work. During the war he was with the engineering division of the navy, then later with the Port Engineer. Previously he spent nine years working in service stations in California and Texas.

He pointed out that there is plenty of room at his present location to take care of a large amount of repairs, so there isn't any possibility of crowding or crumpling fenders.

Sunday Games

Noon: Daly City Billiard vs. American Tansul, Harrison field.

2 p.m.: Sarto's vs. Lucky Lager, Clubhouse.

Noonday Rock of the Farallon Islands, off San Francisco, is a submerged peak named for the clipper Noonday which struck it and sank there in 1863.

Life Saving Class At Jeff Feb. 14th

Courses in "Water Safety Instruction" will be given by the San Mateo county Chapter of the Red Cross at Jefferson High school beginning February 14.

The course of insruction is made available so others may become qualified to teach by Red Cross standards and to inform future instructors of the latest swimming techniques.

Classes are to run for close to two weeks. They will be held at the Jeff pool from 7 to 10 p.m.

Anyone holding a Red Cross senior life saving or junior life saving certificate, who is 16 or older, is eligible for the course.

Members of the Boy Scouts, Girl Scous, or any school group are invited to register for this opportunity.

The lessons will be given free of charge.

Anyone interested may contact athletic director, by calling JUniper 4-2510 between 8:30 a.m. and 5 p.m.

Jeff Gym Open For Recreation

Night recreation opportunities are available at the Jefferson Union high school gym each school night of the week.

Activities include basketball badminton, tumbling, wrestling, boxing and most other indoor sports.

Every night but Wednesday, the gym floor is reserved for basketball enthusiasts. On Wednesday nights the badminton players have the floor, with the school providing nets and racquets. Players must furnish their own gym shoes and shuttlecocks.

March 1 the swimming pool will re-open for public swimming. The pool will be open every evening from 7:30 to 9:30, and on Saturday afternoons from 2 to 4:20.

Suits, towels and lockers are furnished for a nominal fee.

Glenn South, Jefferson High school

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

CATFISH — No closed season. Bag and possession limit: 15 pounds and one fish in the aggregate. Minimum size limit: 9 inches in Clear Lake; 10 inches in District 22; none elsewhere. Night fishing permitted in District 22, Siskiyou, Shasta, and Modoc counties.

STEELHEAD TROUT — Open in specified waters of northern and central California counties. See abstract of angling regulations.

BLACK BASS—Bag limit: Five fish. No size limit.

STRIPED BASS — No closed season. Bag limit: five fish or 25 pounds and one fish, or two fish regardless of weight. Minimum size limit: 12 inches.

SUNFISH, CRAPPIE, SACRAMENTO PERCH — Bag limit: 25 fish of all species in aggregate. No size limit.

OCEAN FISH — No closed season except for grunion and salmon, now open. Bag limits: 50 scallops, 15 rockfish, 2 marlin, 2 black sea bass, 2 broadbill swordfish, 3 salmon, 10 tuna, croker, skipjack, albacore, barracuda, yellowtail, white sea bass, bonito, rock bass, kelp bass, corbina, halibut, ling cod and cabezone. No limit other species, except salmon, now closed.

CLAMS—Ends April 30 in Humboldt and Monterey bay areas. No closed season elsewhere. Bag limits: 30 razor; 10 big neck; 10 Pismo; 15 Washington in Districts 2 and 10; 15 Washington and big neck combined, but not more than 10 big neck in Marin county. No limit on jack knife clams.

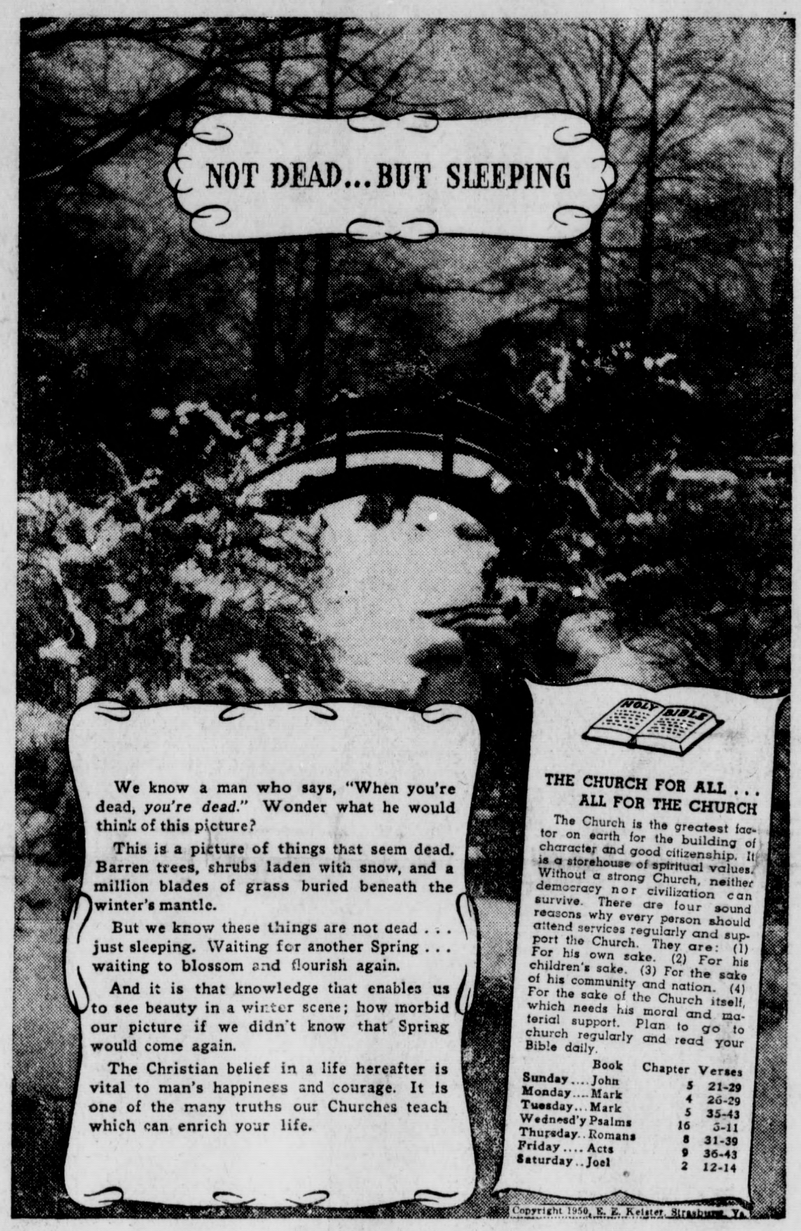
CRABS — Ends July 31. Bag limit: 10 in Eel River, Humboldt and Trinidad Bays; none elsewhere. Size limit: no males under seven inches. No females may be taken.

LOBSTERS — Ends March 15. No bag limit. Size limit: none under 10½ inches.

COCKLES — Ends March 31 in Marin county. No closed season elsewhere. Bag limit: 50. Minimum size limit: 1½ inches in diameter.

FUR - BEARING ANIMALS—Ends February 27. Trapping license required for taking of pine martens, mink, river otters, foxes, muskrats.

PREDATORY ANIMALS — No closed season. No license required for taking of moles, shrews, opossums, gophers, wolves, coyotes, raccoons, weasels, skunks, mountain lions, wildcats.



NOT DEAD...BUT SLEEPING
We know a man who says, "When you're dead, you're dead." Wonder what he would think of this picture?
This is a picture of things that seem dead. Barren trees, shrubs laden with snow, and a million blades of grass buried beneath the winter's mantle.
But we know these things are not dead . . . just sleeping. Waiting for another Spring . . . waiting to blossom and flourish again.
And it is that knowledge that enables us to see beauty in a winter scene; how morbid our picture if we didn't know that Spring would come again.
The Christian belief in a life hereafter is vital to man's happiness and courage. It is one of the many truths our Churches teach which can enrich your life.
HOLY BIBLE
THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Enter A Limerick Now; Win Year's Supply Of PIP

There are only two weeks l now to hit the jackpot at the end the PiP rainbow.

But that leaves plenty of ti for YOU to write a PiP of a lim ick for the PiP shampoo Ko Kopy Contest.

Chances are YOUR limerick be a winner. And what will receive? First, a two-month sup of PiP. Second, a one-year sup of the marvelous new hair wash

That's what you can win merely writing a simple little or five-line limerick like the on this week's PiP ad.

Why not enter now? There is nothing to buy, or sell. There are no strings attached.

All you have to do is sit down for a minute and write a limerick incorporating the name of PiP in the last line. You can enter as many times as you feel the poetic urge.

Entries should be sent to the Daly City Record (co-sponsors of the contest) at 3317 San Jose avenue. There they will be judged, and winners announced each week.

But, as far as that goes, everyone is a winner in his contest. All entries will receive a free, generous-sized bottle of PiP for their limerick.

After all entries are in, the judges pick out the five best. These are sent a two-month supply of the Pishampoo.

hen at the conclusion of the ntest, February 17, five grand nners will be chosen from among t weekly prize holders. The five nd winners then will be given ear's supply of PiP shampoo.

Weekly winners this week in de:

Mrs. Joseph Piccardo Jr., 185 W. altke street, with the following nerick, was judged best of the e first place winners:

Goldilocks had beautiful hair;
I guess you've seen her, too.
But, if she were here today,
She'd wash it with
It's a PiP of a Shampoo.

The other winners include Mesames: Keith Swanson, 226 Hillide boulevard; Harold Emmert, 49 Brunswick street, San Francisco; Florence M. Carbone, 31 Verner avenue; Lois K. Brett, 1023 Noel drive, Apt. 1, Menlo Park.

Woman Injured In Week-End Wreck

An elderly Daly City woman suffered minor injuries in one of two accidents here over the week end, police reported today.

Injured was Mrs. Catherine Navi, 1, 248 Los Olivos. She suffered bruises on the left side of her face when a taxi-cab she was a passenger in collided with another vehicle at the intersection of Los Olivos and San Diego at 9:58 a.m. Sunday.

Mrs. Navi was riding in a Hilltop cab driven by Leroy Middagh, 57, 46 Dubose avenue, San Francisco at the time of the accident. Driver of the other car was Eugene Gasta, 51, 248 Hillcrest drive.

The front end of the cab will need repairs, as will the right front fender of the other vehicle.

Pending investigation, no citations were issued, police said.

In the other accident at 2:58 p.m. Sunday, two San Francisco drivers collided at Mission and Alpine streets. Involved in the accident were Ambroce Bottarinin, 40, 723 Edgeburg street, and Clinton Evarmon, 27, 271 Liberty street.

Both cars sustained minor damage.

Valentine's Day Twelve Days Away

A reminder came to the news room of the Record today that in order to save many an embarrassing situation, it would be wise to call attention to the fact that there are only 12 days before Valentine's day.

"Every year," Grant Williams of Williams Candy Company on Mission street, asserted, "any number of people rush into our store at the last moment for a box of candy to be delivered on February 14. Invariably they say they wish there was some way of being forewarned about the date.

"Of course, there are many who arrive the first thing on the morning of the 15th in a dither because the event had slipped their minds. Most of them rather shamefacedly assert they will make a special effort to remember the next year."

Mr. Williams added that it is wise to order candy several days in advance, and thus obtain just what is desired.

Boy Injured When Bike Hit By Car

Struck by a car as he was riding a bicycle, 9-year-old David Heber, 4 Woodrow street, today was recovering from a slight head concussion.

The young Daly City boy was negotiating a turn off of Mission into Valley street at 4:30 p.m. Monday when a car driven by E. O. Schuster, 136 N. 35th, San Jose, allegedly hit the boys bike, police said.

Thrown to the street, young Heber did not suffer more than minor injuries, police reports indicate.

Schuster stopped his car, helped Heber into the front seat and took him home.

At this point the police were notified and they went to the Heber home, to take the young boy to Junipero Serra hospital.

Former DC Man Awaits Sentence

Carl E. Hughes, 40, formerly of 230 Los Olivos, today is awaiting sentence for allegedly drawing a state unemployment check while he was employed.

The former Daly City man was found guilty of a fraudulent unemployment claim by Judge S. K. Robbins, in the South San Francisco municipal court recently, N. H. Pedersen, manager of South City Department of Employment, reports.

Hughes is to be sentenced Friday, February 3, in the municipal court.

Pedersen says this is the first case in over a year where a Daly City resident has been so charged.

According to Pedersen, Hughes allegedly cashed a state unemployment check he received for a week in September when he was being paid to build garage doors.

At the present time, Hughes, a carpenter by trade, is living in the Sharp Park area.

DALY CITY—COLMA

Olympic games and wrestling were the chief ingredients of the entertainment at the Lions regular meeting Wednesday.

Gil C'Shaughnessy brought two films on the related subjects.

The first film was in technicolor and showed the winners in the Olympic games, held in Switzerland two years ago.

The second film showed the antics of both women and men wrestlers. Some of the Lions showed a marked interest on the holds accomplished by the women. Seems some of them have had first hand experience with such holds.

California's forestry program includes better timber management, protection of watersheds and improvement of ranges to provide better and more adequate grazing for livestock.

There he was treated for the concussion and abrasions on his back. Following the treatment he was sent home.

Q. Why is Dutch Boy Satin Eggshell like a mink coat?

A. Goes on easy . . . covers beautifully!

Q. Why is Dutch Boy Wonsover like a color-fast sweater?

A. You needn't be afraid to wash it!

IT'S COCOA TIME — Belted and bloused, this pure silk shantung afternoon dress, done in warm cocoa with white embroidery, is shown in the French designer's New York salon. The full skirt is topped by a belted blouse featuring the dropped shoulder line and full, long sleeve.

A Twentieth Century Fund survey reports that about 40 per cent of the communities of the United States do not have building codes.

Australia is slightly smaller than the United States, containing 2,974,581 square miles compared to the United States, 3,027,000.

The Golden Gate at San Francisco is less than a mile wide at its narrowest point.

Proctor Patterson Jones

My dear Son,

Today is your birthday. Your mother and I have given you presents much like other little boys receive on such occasions.

I would, however, like to direct your attention to another gift, the value of which I hope you will recognize when you are older. This gift was made possible by farsighted early Americans. The gift they have provided you with, is freedom -- freedom to say what you wish; freedom to choose your own religion; freedom to travel these United States as you may desire; and, freedom to choose your government.

Become familiar with this last point. Your freedom remains freedom only so long as you are active in this choice: active as a voter, as a political party member, and as a public servant when your fellow Americans call upon you to serve.

Freedom is based on law. People who break the laws or who fail to enforce them honestly, weaken our representative government.

As an example, the laws of our State prohibit gambling and the use of certain gambling devices. Yet, gambling is in ample evidence all over our county This indicates that the Sheriff, the chief law enforcement agent of the county, is not doing his full job.

In such cases there is only one answer. Where the incumbent is unfaithful he must be driven from public office. Representative government cannot afford him. His presence threatens your gift of freedom by providing privilege to a minority of lawless, un-American crooks.

Freedom is a fragile gift. Your mother and I will do what we can to preserve it for you until you are old enough to protect it in your own right.

The red wagon, the blocks, and little toy truck, will disappear in all too short a time, but this other gift . . . this freedom . . . can last your life time. If you are watchful, your children will share in it.

Your loving father

SMJC Students To Register

San Mateo Junior College will register students for the spring semester Monday and Tuesday, February 6 and 7, at the Baldwin campus. Faculty members will assist all students in making out their programs.

Students will register by a schedule announced by the registrar's office, as follows:

Monday, 8:30 to 12 — Those students whose names begin with R through Z, inclusive.

Monday, 1 to 5 — Those whose names begin with A through D, inclusive.

Tuesday, 8:30 to 12 — Those whose names begin with E through K, inclusive.

Tuesday, 1 to 5 — Those whose names begin with L through Q, inclusive.

The spring set of student officers will start work at once, with the Associated Women Students arranging a luncheon for the new girls, and the whole student body having an early "howdy doody" dance to get acquainted.

The college basketball team is tied for first place with two more recent wins to its credit. The team defeated Monterey 99 to 56 and then edged Hartnell of Salinas 65 to 64. San Mateo has won four league games and lost one.

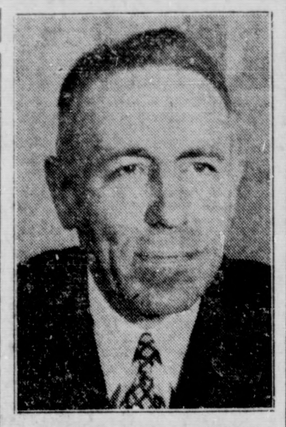
Red Cross Assists 86 Daly City Families

During the past year 86 Daly City families received help from our local Red Cross home service agency.

At the present time there are 21 active cases being handled by the agency.

In order that this very necessary work may be continued it is imperative that we all contribute our bit in the forthcoming fund drive.

Remember "Give Where You Live."



DIRECTS ARMY RESERVE—Major General James B. Cress, a veteran of both World Wars and former commander of the 80th Airborne Division (Reserve), has been appointed executive for Reserve and ROTC Affairs. A native of Galesburg, Illinois, he was commissioned a second lieutenant of Engineers and graduated from the U. S. Army Engineer School in 1916, serving in the Mexican Border campaign and in France in World War I. He resigned his Regular Army commission in 1920 and almost immediately was appointed lieutenant colonel in the Engineer Section, Officers Reserve Corps, being promoted to colonel in 1923.

In 1941 he was recalled to extended active duty. As Group Commander he was responsible for the training of five groups and four regiments in port construction in England prior to Normandy landings. He directed the rehabilitation of the port of Cherbourg and the American sector of the Albert Canal. His units constructed the first railroad bridge across the Rhine. For his services in the European Theater he was recommended for promotion to brigadier general and for the Distinguished Service Medal.

Placer county was formed from portions of Yuba and Sutter counties.

Your Income Tax Return Problems

This is the first in a series of articles, prepared by Collector of Internal Revenue James G. Smyth of the First California District, outlining rules and regulations to be followed in filing Federal Income Tax Returns.

The importance of filing Federal Income tax returns early this year should be carefully considered by all taxpayers expecting refunds. Income Tax returns will be processed in the San Francisco office. This means that refunds on overtax payments will be received with less delay than in previous years. Persons who file early will receive their refunds promptly. The processing of a return begins as soon as filed.

The withholding slip, the Form W-2, the statement showing wages and amounts withheld, cannot be used as an Income Tax return.

There are three types of returns. They are, the Form 1040A, the Short Form 1040, and the Long Form 1040.

Persons receiving wages subject to withholding tax are required to securely attach the withholding statement to their return.

In deciding which Income Tax Form to use consideration should be given to the following questions:

1. Are you married or single?
2. How much income did you have during the year, and what was the sources of it?
3. Are you eligible to deduct travel and reimburse expenses from your wages?
4. How large are your non-business deductions, such as charitable contributions, interest, taxes and medical expenses?

Only persons with a gross income for the taxable year of less than $5,000, consisting entirely of wages, reported on withholding statements, with not more than $100 of this amount from dividends and interest, have the privilege of filing their income tax return on the Form 1040A.

On election persons receiving income in the above category may use the Form 1040. It would benefit them if their non-business deductions are more than the standard deductions allowed by the Government.

The Form 1040A is the easiest of the three types of returns to prepare. To fill it out, you merely answer the printed questions, fill in your name, marital or single status, income and exemptions, sign the return, attach to the Form all withholding statements (Form W-2) and mail it to the Collector of Internal Revenue.

The tax is computed by the Internal Revenue. If you owe any tax, you will receive a bill from the Collector. If you have overpaid, you will receive a refund.

The limitation of $5,000 for using the 1040A as a return applies both to single persons and married couples. If a married couple in a community property state have a combined gross income in excess of $5,000 or received other wages, dividends and interest in excess of $100 they cannot use the Form 1040A as a return. They must file on the 1040, either as a Short or Long Form return.

Editor's Note: The second article, prepared by Collector of Internal Revenue James G. Smyth of the First California District outlining Federal Income Tax regulations will appear February 9. Clip and save these article for future reference.

STUDENTS STUDY RADIOACTIVITY — A "Student-Type Geiger-Mueller Counter," which can be built by high school science classes for an approximate cost of $45, is demonstrated by Arthur Lazarus, left, teacher of physics at the Forest Hills High School in New York. Listening to the explanation are Sanin Fink, one of his students, and Lawrence Rosle", right, a student at Brooklyn Technical High School.

Deer Population Increasing Here

Official estimates of California's deer populations are being revised sharply upward with the announcement that sportsmen in 1949 took a record-breaking total of 52,082 bucks.

The figure is based on the number of deer tags returned by successful hunters to the Division of Fish and Game. The new all-time record tops the previous high set in 1948 when 47,789 bucks were reported taken.

Archers scored a new record too, with 30 bow and arrow kills in 13 counties.

Ben Glading, acting chief of the Bureau of Game Conservation, believes the actual 1949 take of deer in the State is closer to 100,000 animals. An extensive survey conducted last year by the Opinion Research Center of Denver showed that nearly 50 per cent of successful California hunters failed to validate and return their deer tags.

Vic Vet says

Sunset tunnel in San Francisco, used by Municipal Railway street cars, is 4232 feet long.

San Francisco's Civic Center comprises approximately eight city blocks.

Red Cross Aids Disaster Victims

During the past year, the American Red Cross spent $12,000,000 to relieve the suffering of unfortunate people in 315 disasters throughout the country.

This work must not be allowed to stop.

Give, and give plenty to your local Red Cross.

Remember, 74 cents of every dollar contributed remains with the San Mateo chapter for your benefit.

Vets Record Your Contract And Save

Veterans, buying their homes on unrecorded contracts, with the title vested in someone else's name, were warned today by State Director of Veterans Affairs Lawrence C. Stevens that they may lose out on their $1,000 property tax exemption.

A new law requires that the veteran's interest in his property must be of record in the office of his county recorder on the first Monday in March before he can qualify for the $1,000 constitutional exemption on the assessed valuation, for which he applies during the spring of each year.

Look Mama, No Clothes

By Ridgely Cummings

(ED. NOTE: Readers interested in Einstein and his theories may find Mr. Cummings' views alien. Those in disagreement are asked to write the "Record." But for Mr. Cummings, and other puzzled readers, may we respectably suggest they consult: **The Universe and Dr. Einstein** by Lincoln Barnett, and a December issue of "The Saturday Review of Literature" in which Dr. Einstein writes a brief autobiographical note on his life and methods.))

Whenever someone starts telling me what a great man Albert Einstein is, in spite of my natural dislike for conflict with mass opinion I find myself remembering the fable about the king and his extremely skillful tailor.

You remember the story. The tailor collected large quantities of gold and silver from the king and promised him a suit of the finest fabric imaginable. When the day came for the king to parade in his new raiment, a child punctured the balloon of mob hypnotism by exclaiming: "Look mama, that man hasn't got any clothes on."

I was always a little annoyed by Einstein's theory of relativity because people who accepted it on faith used to tell me that only three or six or nine of the greatest brains in the world could actually comprehend it. Then the astronomers came along and announced that relativity had been proved by observation. They said the shift it predicted in the apparent position of the stars was there.

Did Rita Change?

Well, I know more about Ingrid Bergman and Rita Hayworth than about Betelgeuse or Arcturus so I had to assume that the astronomers, knowing their stars and calling their shots as they saw them, were on the beam. With other problems closer to home to worry about, I dropped Mr. Einstein and his theory of relativity.

Then along came the atomic bomb and many of the physicists responsible for it made a bow in the direction of the gentleman with the innocent smile and long white hair. They said the A-bomb would not have been possible without Einstein's discovery that matter equals energy.

Like a lot of others I murmured thank goodness Albert is on our side and forgot about him except on those frequent occasions when he made the newspapers by celebrating a birthday or accepting a post on some do-gooder committee or sounding off with a statement on some social problem about which he knows no more than you or me.

Now Brother Einstein is in my hair again.

He has come out with a "Generalized Theory of Gravitation" which made the headlines and which is hailed as one of the most important scientific discoveries of all time.

Praised, Not Explained

I read the stories critically, as is my won't, and frankly they didn't seem to say much of anything. Maybe the press associations which distributed the news thought the newspaper reader was too dumb to grasp an explanation. More likely, maybe there just wasn't any explanation available.

The news stories said the full theory will be published this spring by Princeton University Press. Then they went into double talk. Like this, quoting Einie:

"Due to mathematical difficulties, I have not yet found a practicable way to confront the results of the theory with experimental evidence."

Or in other words, not only is the theory, whatever it is, unproven but the theorist says there is no way he knows of by which the theory can be subjected to an attempt at proof.

The meat of this new theory of gravitation is supposed to be contained in four equations. You have probably seen them, for the papers all carried photostatic reproductions, along this line: G i K; l plus or minus equals zero; L upside down i equals zero; R i k equals zero; g comma is curleyque s equals zero.

Adds Up To Nothing

Another San Francisco columnist, Arthur Caylor, was the first to report tongue in cheek that it all adds up to nothing. I find myself in agreement, without a bulge in the facial muscles.

I still think that most human beings with the equivalent of a high school education can grasp and understand the facts that are known about our universe. That belief involves two assumptions: 1) that the individual is interested enough to bear down and concentrate for say an hour on any specific fact; and 2) that the people who made the discovery really know what they are talking about and can explain it in simple language.

A lot of this scientific double-talk is just a refuge for laziness and pretentious ignorance. If Einstein really knows something new about gravity it is up to him to tell me about it in words of one, two, three or at most four syllables.

He can't take as many of these little words as he likes to tell me and if I think he has something I'll plug along and try to follow him. But when he throws a lot of unexplained symbols at me and says they all add up to zero then I tend to say amen. I'm apt to be like the urchin who pointed out that the tailor was pulling a fast one and trading on the king's credulity.

Kirste To Seek Recorder's Job

Miss Ruth Kirste, county recorder since the death of T. Clark Rice last summer, this week announced she will run for that office at the June 6 primary.

This announcement followed by a few days the confirmation that Robert Duffy, 141 Los Banos, also would seek the position. Duffy is a deputy county court clerk.

Also in the race for the job are Francis J. Robinson of San Mateo and possibly Floyd Granger, Redwood City, county veterans' service officer.

Before her appointment to the county recorder's position, Miss Kirste served for 15 years as a copyist on the recorder's staff. She was assistant for one year before the appointment to the top post.

Free Income Tax Advice Here Soon

With that March 15 headache creeping closer, there was some good news this week for those with questions about income tax returns.

A specially trained agent of the Treasury department, J. J. Profumo, will be in Daly City and Colma later this month to give out free advice on income tax problems.

Profumo will be at the Colma branch of Bank of America February 15 from 10 a.m. to 3 p.m.

He will return, at the same hours, to the Daly City branch of Bank of America February 20 and 21.

Remember, whether your income tax is in the small or large brackets, this special agent will be here to help you. His advice is free of cost.

Your Car Towed-Away? Call SUtter 1-2020

Police officers in San Francisco have now been stationed at all tow-away lots and garages to telephone the central police station car license numbers as the vehicles are brought in.

Thus a motorist whose illegally parked automobile has been towed away during the 4 to 6 p.m. period on no-parking, no-stopping downtown streets, can find his car within 60 seconds, by telephoning SUtter 1-2020.

Peter Lassen in 1843 became the first settler in Tehama county.

March Of Dimes Extended For Two Additional Weeks

Because collections have fallen "far short" of last year's total, the current March of Dimes has been extended for another two weeks according to Steb Teal, county head of the local Dimes chapter.

Teal said that a recent check of containers throughout the county indicated that contributions were considerably behind last year's record-breaking tally.

"We have been forced to add another 14 days to the 1950 campaign in an endeavor to climb a little higher toward this year's county-wide goal of $60,000," Teal said.

According to the Dimes chairman hundreds of voluntary gifts of sums ranging from $1 to over $100 have been received by mail at the San Mateo Chamber of Commerce office, headquarters for the county Dimes drive. Teal expressed the hope that other county residents would help swell the present lagging Dimes fund chest by sending in contributions to the chamber office during the next two weeks.

T. J. Hallinan, former Dimes president, who is heading the 1950 campaign effort, indicated confidence that the drive would gain impetus during the next few days.

Lovchen Officials Face Trial Feb. 9

Back in court next week will be Kin Lew and Wong Cong Lim, both of San Francisco, and operators of the well-known Lovchen Gardens in Colma.

The two men were arrested in a surprise raid by sheriff's deputies on the Colma concern January 18. This was one of many such raids on the establishment over the past several years.

Both men will face charges of operating a lottery. They will appear in the South San Francisco justice court before Judge R. A. Rapsey.

When the two men were arraigned last week, they entered a plea of not guilty.

TEST YOUR I. Q.

1. About how many cars, trucks and buses will the U. S. auto industry produce this year?
2. What state is known as the "Magnolia State"?
3. What effect is DDT having on some of the world's mosquito population?

4. What country recently had three presidents in one week?
5. A Navy jet plane recently flew at speeds of about 750 miles an hour. What is its name?

California was ceded to the United States, with other land aggregating over 300,000,000 acres, by treaty with Mexico, February 2, 1848.

RABBIT ROYALTY—This little girl receives a royal audience by the king of rabbits, "Jeannot I," and his queen at a Paris exhibition. The show featured various exhibits of family activities, in addition to the multitude of toys.

DC Woman Seeks $75,000 Damages

Seeking $75,596 damages for injuries she allegedly suffered when hit by a truck here last October 28, Mrs. Alice Myrtle Springer, 64, 43 Beta, filed suit this week.

Named defendant was Domenic J. Taboni, 55, 932 Greenwich street, San Francisco, driver of the truck.

The accident occurred at the intersection of Alp and Mission streets. Mrs. Springer, a bookkeeper, was crossing the street when she was hit by the truck.

The Daly City woman claims in the suit that she suffered a concussion, fractures of the leg and arm, a broken hand and numerous lacerations.

Author To Address PEO Sisterhood

A well-known Bay area author, Carol G. Wilson, will be the guest speaker at a meeting of Chapter CN, PEO Sisterhood, February 9.

The meeting, to which the public is invited, will be held in the St. Francis Episcopal church parish hall, Ocean avenue and San Fernando way, at 2:30 p.m.

The local author, who has written "California Yankee" and "Gumps Treasure Trade," will speak on methods she uses to obtain material for her works.

Tickets for the event may be obtained either at the door, or by calling Mrs. F. W. Farnow, DElaware 4-1327.

Mrs. H. E. Woodring, group president, is in charge of the committee for the day. Mesdames on the committee include R. C. Smith, B. W. Wessel, N. N. Hosmer, Blanche Whitham, E. E. Niccools and G. G. Olson.

Mrs. Woodring will also serve at the tea table along with Mesdames H. P. Hart, E. F. Inskipp and B. C. Reinke.

Answers to TEST YOUR I. Q.

1. Vehicle production is expected to exceed 6,000,000 for 1949
2. Mississippi.
3. One effect is appearance of a tough, new breed of mosquitos, which are not affected by the insecticide.
4. Panama. President Daniel Chanis was unseated in a military coup; Vice President Roberto Chiari was installed, but remained in office only two days; then ex-President Arnulfo Arias was declared president on the basis of an election held in 1948.
5. The Skyrocket.

NEWS FROM THE SCHOOLS

JEFFERSON

This week the first grade in Jefferson school proved that their health lesson was important and beneficial. The class studied all about milk and its benefits toward health and development of the child. During their art period they made all sorts of attractive bottles and health foods from colored paper.

The first and second grades in Room 4 have found that their social studies project concerning the farm has provided much material for all subjects. All-over designs with farm motifs have been used to cover phonics books. The production of different farm products has also been used as material for arithmetic problems.

Stephen Williams drew and constructed a three-dimensional picture of a ranch complete with farm house, barn, silo, duck-pond and corral.

The children in Room 6, the second grade, have been very happy this week because of receiving their new readers and arithmetic workbooks. They are now competing to see who will be the first to finish his book correctly.

FOURTH GRADE

The afternoon fourth grade, Jefferson school, is very interested in their trip through "Old California." They have explored with Columbus and Cabrillo. They have worked and played with the Indians. Now they are traveling the El Camino Real with Portola, Anza and Padre Serra. While enjoying these adventures of long ago, they are learning about our modern California. They compare our sanitary way of living, health habits, entertainment, farming, etc. with those of times past.

CROCKER

Thomas Ahern has entered the Low 8 in Room 6. He comes from the Alerm Rach school in Santa Clara county.

The pupils of this class have learned that Napoleon intended to create an empire of the Louisiana region. Haitii was to be used as a springboard. His navy and army were to operate from there. But when the slaves revolted and killed their masters, Napoleon's dream faded.

The United States ministers had been dickering with Napoleon to buy a small area of land around New Orleans so that American farmers who sent produce down the river could deposit their goods there before they were loaded on ocean vessels

Napoleon who had been stalling off the American ministers suddenly offered them the whole of Louisiana for $15,000,000.

A treaty was made and the United States was doubled in size almost overnight.

ROOM 3

This week the students in Room 3 are keeping their own record. At the end of the week each person will be able to see exactly how much he has accomplished and should be able to improve in needed areas the following week.

This group has set up a series of questions and topics for study of India and they will start research work this week.

ROOM 5

The seventh grade in Room 5 has begun the study of per cent in arithmetic. In language they have been learning how to write business letters. Now they are writing social leters and they have found the difference between the two types.

Many of the children in Room 5 are planning to go roller skating next Saturday afternoon at Skateland.

ROOM 2

Room 2 won the thrift banner again this week. This is given to the class that has the highest percentage of the group depositing money in a savings account.

PARTIES

Crocker student body participated in another community activity — the March of Dimes. Accompanied by the school pianists, who are graduates, each room had a classroom march around the room, passing by a central desk, where a student representative collected the voluntary contributions of the school. Newspaper boys in the school who receive money on their routes, toward the March of Dimes campaign may bring receipts to school, and have their school credited with the amount.

A "bring-your-own" party was held by the high and low eighth grade of the Crocker school, as the last mid-term graduating class bade their farewells to the low eighth grade classmen. Each student brought his own refreshments, which varied from home made pie to salad and sandwiches. Low eighth grade students Dick Kalinin and Ron Christenson gave impersonations of two of the graduates, while Raymond Magnuson, L8, and Martin Verece, H8, entertained the class on an electric guitar. A similar party held at the holiday season proved such a success that students in the room requested this farewell party for the H8, and a celebration of the L8 becoming "prospective graduates."

Shattuck Guest Speaker At Lincoln Day Dinner

Edward S. Shattuck, former chairman of the Republican State Central Committee, has been secured as the principal speaker for the San Mateo County Lincoln Day dinner to be held at the Villa Chartier on February 13.

The announcement was made here today by Mayor Dan Love, of Burlingame, who is program chairman for annual event.

Shattuck recently resigned his post as state chairman. His resignation followed his announcement as a candidate for attorney general at the June primary. A member of the Los Angeles, the California and the American Bar associations, he has practiced law for 23 years.

Tickets for the Lincoln Day dinner will be available in each community throught members of various Republican organizations.

Classes For Foreign Born At James Lick

Foreign born may now take lessons in English and citizenship.

Classes in these two subjects are held each Tuesday and Thursday from 7 to 9 p.m. at the James Lick junior high school, Noe street at 25th street.

Students may enroll in the classes any time this week. Everyone is cordially invited to attend the classes.
